Proceedings of the Madras Government, Public Works Department, 10th February 1870.

No. 172. Read the following letter from the Deputy-Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 22nd January 1870, No. 149-R:—

I AM directed to acknowledge the receipt of your letter, No. 3,798, of the 1st December 1869, submitting the Revenue Account of the Great Southern of India Railway for the half-year ending 30th June 1869.

2. With the exception of locomotive expenses, the working charges generally increased considerably, and I am to request that the causes may be explained in the review. The charge for "Mileage and Demurrage," Rupees 5,195 on, it is presumed, Madras Railway stock seems large; but if the Madras Company can spare the stock, and that of the Great Southern of India Company is not idle in consequence, it is unobjectionable in the opinion of the Government of India, and is merely referred to with the object of remarking that no demand for additional stock in any way based upon the magnitude of this charge should be too readily admitted.

COMMUNICATED to the Consulting Engineer for Railways, with reference to G. O., No. 3,797, dated 1st December 1869.

2. The explanation called for in paragraph 2 has been furnished in the Consulting Engineer's detailed review.
