Proceedings of the Madras Government, Public Works Department, 14th February 1870.

No. 264. Read the following Proceedings of the Board of Revenue, dated 27th January 1870, No. 589:—

Read the following letter from the Acting Collector of South Canara, to the Acting Secretary to the Board of Revenue, dated Sarpadi in Uppinangadi Talook, 6th December 1869, No. 1,543.

Referring to paragraph 2 of their Proceedings, dated the 26th October 1869, No. 7,948, I have the honour to request that the Board of Revenue will be pleased to add Malpe to the list of ports to which the attention of the Engineer Officer expected from England is proposed to be directed.

2. In my letter of the 6th August 1869, No. 1,031, recorded in Board's Proceedings, 13th September 1869, No. 6,858, I had adverted to this port as being capable of improvement, and although the present trade of the port is insignificant, there is every reason to hope that, with an improved harbour, it may in process of time fairly rival any other port of importance on the coast. Irrespective of the commercial importance of the place, I think the facilities it affords for being made a safe harbour of refuge for vessels in all seasons, warrant a closer investigation of its capabilities, as at present the whole line of coast from Carwar to Cochin is void of any such protection to shipping.

Submitted for the favourable consideration of Government.

Transferred to the Public Works Department.
