G.O. No. 546 Press ~~Mis.~~

331-32

Dated 16 2 1870.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 16th February 1870.

No. 331. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 11th February 1870, No. 2,680:—

In reply to G. O., No. 442, of the 8th instant, I have the honour to state that the sum of Rupees 20,000 applied for is required in addition to the amount, one lac, already sanctioned for emergent repairs. The demands from the Ranges amount to a still larger sum; but for fear of any delay in carrying out, or in measuring and paying for, the great number of works in progress, I set down 20,000 rupees as an amount that I felt would be fully utilized.

No. 332. Order thereon, 16th February 1870, No. 546.

ACCOUNT, No. 38.

The Government regret that, in the present state of the Public Works grant, it is not possible to place any additional funds at the Superintending Engineer's disposal; but His Excellency in Council will endeavour before the close of the year to adjust, in common with all other excesses, any outlay that may be incurred on absolute emergency.
