* Subject to the approval of the Government of India.

2. In the above distribution the Government have excluded* (1), all such items of expenditure not exceeding Rupees 500 as appertain to unfinished works of last year requiring less than that amount for their completion; and (2), all excesses over current year's grants within the limit of Rupees 500 in each case. It should be distinctly understood that expenditure, *even within this limit*, on new† works having no allotments, and on unfinished works of previous years requiring a larger sum to complete than Rupees 500 is irregular, and that all such items of outlay should be specially avoided; but, if unauthorizedly incurred, should appear in the Range Officer's monthly statement of objectionable items and in the general statement submitted to Government by the Controller of Public Works Accounts.

* *Vide* G. O., No. 1955, dated 2nd July 1867, and No. 1719, dated 29th May 1869, Para. 9.

† Not commenced in previous years.

3. The items of expenditure by Public Works Officers under heads other than "Agricultural," which require allotments, but have not been adjusted in these Proceedings, are noted below:—

			Rs.
1.	Godavery	... Additions, &c., to Sub-Magistrate's Cutcherry at Sivakodu ...	1
2.	Kurnool	... Wages for two watchmen	10

17.	Tinnevelly	... Vedarniem Canal	10,685
18.	Neilgherries	... Road from Palamcottah to Tuticorin	19,295
		... Lawrence Asylum	

4. The Superintending Engineers concerned will take *immediate* measures for adjusting the small unauthorized outlay on Items 1, 2, 5, 6, 7, 8, 9, and 11 by specific appropriations, and they will report *without delay* in what manner they propose to adjust the expenditure without allotments on Items 3, 4, 12, 13, 14, 15, 17, and 18. The replies of the Superintending Engineers, which should reach Government *by the close of this month*, should note the action taken in pursuance of the orders contained in the first clause of this paragraph. With respect to Item 10 Colonel Walker will arrange for adjusting the outlay at once by further private contributions, and he will report to Government as soon as this is done. The only other item requiring notice is the Vedarniem Canal, the allotment for which was exceeded by Rupees 15,157 up to the 31st October last. The question of supplementing the current year's Imperial grant for this work by a loan from Local Funds, was referred to the Revenue Department on the 15th October last, and that department will now be requested to pass early orders on the subject. Pending the receipt of those orders, all work on the canal should be stopped.

5. Under the head "Civil Officers," certain items of expenditure incurred from advances made by Public Works Officers in *previous* years have been admitted

in the Controller's book for 1869-70, and as it is necessary to adjust that expenditure by specific appropriations, the Government resolve to direct that the outlay on the work marginally noted be charged against Item 196 of the current year's Budget, and that the following transfers of funds be made:—

Constructing roads in the Maliahs, Rupees 2,000.

From		Rs.	*To*		Rs.
Ganjam.			Ganjam.		
Part III. of Budget. Repairs of roads in Khond Maliahs and thence to Scoradah in the low country	...	3,762	Repairing roads in the Maliahs ...	...	3,762
Do. do. do.	...	200	Do. auxiliary buildings at Baligudda	...	200

6. The Superintending Engineer of the 4th Division will instruct the officers in charge of Nos. 6 and 7 Ranges of the Madras District to provide from their current year's allotments for the outlay (Rupees 2,631-2-9 and Rupees 3,578-10-3) adjusted this year from advances made to the Collector of Madras in previous years for the settlement of demands for compensation on account of land taken up for the Madras Water-supply and Chembrumbaukum Tank Projects respectively.

7. Against the work marginally noted the Controller's books show an expenditure of Rupees 12,080 incurred in previous years by Civil Officers, and accounted for in 1869-70. In order to adjust this outlay in part the Government resolve to sanction the following transfers of funds, and will endeavour to provide the balance hereafter:—

Embankment across the Bhowany river below the junction of the Avalanchy and Porty Nullahs.

From	Rs.	*To*	Rs.

8. Prior to the issue of G. O. of the 29th September 1869, No. 3,142, a small expenditure was incurred by Civil Officers on the Sub-Magistrate's Cutcherry in the Maliahs. With a view of adjusting that expenditure the Government resolve to transfer a sum of Rupees 200 from Item 196 to Item 115 of the Budget, and to direct that the outlay on the former in the current Official year be restricted to the balance available, namely, Rupees 2,800.

	Rs.

Deduct amount diverted in these orders...	2,200
	2,800

9. Expenditure to the extent of about Rupees 300 is reported to have been incurred and accounted for by Civil Officers in the current Official year on New Works other than "Agricultural." In order to cover this outlay by allotments, the Government direct that the following transfers of funds be made in anticipation of the sanction of the Government of India:—

From		Rs.	*To*		Rs.
Vizagapatam.			Vizagapatam.

21. Do.	...	Repairing Public Bungalows and Moosafurkahanahs		...	444
22. Coimbatore	...	Repairing Arkencottah Channel ...	...	...	7

11. Nos. 5 to 17 comprise items of expenditure on Police buildings. The Inspector-General of Police will accordingly report *at once* from what allotments of the current Official year he would recommend the diversion of the money required to adjust the aggregate outlay of Rupees 865. As regards the other items, the Superintending Engineers of the 2nd, 3rd, 5th, and 7th Divisions will state, in submitting the report called for in paragraph 4 of these Proceedings, how they propose to provide the requisite funds.

12. Copies of these Proceedings will be communicated to the Revenue and Judicial Departments of the Secretariat, and, with reference to the large sums which Government are now called upon to allot on account of expenditure for which advances were made to Civil Officers from *bona-fide* grants in previous years, but which were not accounted for therein, those departments will be requested to issue stringent instructions to Civil Officers to arrange for ensuring *all future advances being accounted for in the year in which they are made*, or, in the event of their not

fully being worked out in that year, for *refunding* the balances into the Treasury by the 31st March. In the latter case, no outlay should be incurred in the succeeding year without a specific appropriation being made through the prescribed channel, and no expenditure by Civil Officers should be admitted by the Controller from and after the 1st April next in the absence of distinct allotments. Superintending Engineers, on the other hand, whose attention is specially called to paragraphs 9 and 12 of the Orders of Government of the 5th August and 16th December 1867, Nos. 2,363 and 3,895 respectively, should prohibit Range Officers making advances much in excess of the probable requirements of each month.
