Proceedings of the Madras Government, Public Works Department, 24th February 1870.

No. 494. Read the following letter from Lieutenant-Colonel F. J. MOBERLY, R. E., Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bazoarah, 11th February 1870, No. 162:—

I HAVE the honour to request the permission of Government to the transfer of Rupees 3,620 from agricultural repairs, Nellore, to the same head, Kistna, where it is very much required to restore tank and channel banks. Labour is just now available, and we can get a good deal done.

2. In my No. 147 of 18th January I showed how, by transfers from other heads of account, the debt already incurred on Agricultural repairs could be paid off, leaving a balance of Rupees 1,207, which I trust I may also be allowed to expend on irrigation repairs already commenced.

No. 495. ORDER THEREON, 24th February 1870, No. 631.

ACCOUNT, No. 51.

THE Government are unable to reconcile the application made in this letter with the Superintending Engineer's communication of the 18th January 1870, No. 147. In the latter Lieutenant-Colonel Moberly represented that he had exceeded his Agricultural repair allotment by a sum of Rupees 6,999 and proposed certain transfers with a view of adjusting that expenditure, while from his present reference it would appear that he has now at his disposal a sum of Rupees 3,620 from the Agricultural repair allotment of the Nellore District available for diversion to the same head of service. Further explanation is, therefore, necessary to enable the Government to finally dispose of the letter recorded at the head of these Proceedings.
