Proceedings of the Madras Government, Public Works Department, 25th February 1870.

No. 521. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 20th January 1870, No. 3,684 :—

I HAVE the honour to forward, for the consideration and orders of Government, the accompanying copy of a letter from the Officer in temporary charge of No. 2 Range, Godavery District, with its enclosures.

One copy of a letter, No. 267, dated 15th January 1870, with eleven enclosures.

2. On Mr. Simon's recommendation, I appointed the petitioner to the post of Delta Superintendent, but I learnt subsequently from the records of this office the man had been *once* dismissed, when I at once cancelled his appointment, not having the power to re-appoint any one in such a position to any appointment without the special sanction of Government. It now appears the man was not actually dismissed, but suspended for six months for what fault I cannot say, and he might, therefore, be re-appointed to Government service, but he has not passed the Uncovenanted Civil Service Examination, and, as the salary of the post is Rupees 30, I am unable to accede to the Range Officer's request, and beg, therefore, to submit the case for the favourable consideration of Government.

3. The man bears a good character; has been eighteen years in the service, and I have no doubt Mr. Rundall is quite right in saying he is as fully qualified for the place as many who have been appointed, and I would, therefore, solicit his being exempted from the examination and appointed to the vacancy.

From J. W. RUNDALL, Esq., Officer in charge of No. 2 or Central Delta Range, to the Superintending Engineer, 1st Division, dated Camp at Narsapur, 15th January 1870, No. 267.

I HAVE the honour to forward herewith a petition to your address from Tadineti Virrazu who was recommended by Mr. Simon for the post of Delta Superintendent now vacant in this Range, but whose appointment was subsequently cancelled by you,* as he had been once dismissed, and was, therefore, ineligible for re-employment.

* Memorandum No. 3,453.

2. In the enclosed petition he contends that he was not dismissed, but simply suspended for six months. In the first instance he was doubtless dismissed, though, whether Captain Beckley's endorsement of the 21st of November 1867 can be considered to have converted the dismissal into suspension, I would leave for you to decide. At this distance of time of course it is inexpedient to re-open the question of the accident for which he was blamed, but he seems to have a good defence to make.

3. He was at all events re-employed by Captain Makgill immediately on the expiry of the six months fixed by Captain Beckley, and has since been uninterruptedly employed.

4. With regard to his qualifications for the post of Delta Superintendent he would, I believe, prove far more useful than several of the Clerks or old Maistries to whom these posts have been given; he has principally been employed on earthwork, and has been accustomed to the supervision of repairs to channels.

5. I trust, therefore, his application for the appointment may meet with your favourable consideration, and that, if necessary, the Government sanction for his entertainment may be applied for.

ESTABLISHMENT, No. 47.

UNDER the strong testimony which both the Acting Superintending Engineer of the 1st Division and the Executive Engineer of No. 2 Range of the Godivery District bear in favour of T. Virrazu, the Government are pleased to authorize his re-employment as a Delta Superintendent without requiring him to pass the Uncovenanted Service Examination.

2 In the Enclosed petition he contends that he was not dismissed but simply suspended for 6 months. In the first instance he was doubtless dismissed, though whether Captain Beekley's Endorsement of the 21st of November 1867 can be considered to have converted the dismissal into suspension I would leave for You to decide.
