No. 5. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 1st February 1870, No. 5,377 :—

With reference to Government Order, No. 2,031, dated 22nd June 1869,

I have the honour to forward two plans and four estimates for altering existing and erecting new buildings at Palaveram, in order to provide for the location of a Regiment of Native Infantry at that station. The delay in replying to this Order, after receipt of Memorandum, No. 49, dated 22nd September last, has been owing to the time taken up in getting the plans and estimates passed through the Quarter-master-General's Office of the division and head-quarters.

2. The estimates are as follows, and amount to Rupees 2,410 :—

Converting No. 2 Barracks at Palaveram into a Place-of-Arms, Guard, and Prison-room	Rs. 840
Constructing two Solitary Cells	1,040
Converting No. 1 Place-of-Arms into an European Artillery Veteran Barrack, Guard, Prison-room, and Canteen... ..	300
Converting Bombproof Store-room into a Magazine	230

Total... 2,410

3. These plans and estimates were submitted to the Commander-in-Chief, and, with the exception of the accommodation afforded in the Place-of-Arms and Guard-room, the plan of which has now been altered, have met with His Excellency's approval.

4. It does not appear that the Military authorities in the division consider that any other buildings in this department are required at present. It may be necessary hereafter to provide a building for Commissariat stores at a cost of 3 or 4,000 rupees. As soon as the Native Regiment is located at Palaveram it is proposed to give up the hospital occupied by the European Artillery Veteran Company for the use of the Native Infantry, the Veterans occupying the hospital now used by the sick amongst the European women. It would be desirable, if this arrangement takes place, to erect a small Female Hospital, as Captain Rogers, the Executive Engineer, reports that no suitable private building is available at present.
