*Proceedings of the Madras Government, Public Works Department,
1st March 1870.*

No. 7. Read the following letter from the Officer in charge of Public Works Operations in the Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 18th February 1870, No. 115:—

WITH reference to G. O. as per margin, I have the honour to forward an estimate, amounting to Rupees 1,120, for constructing a tombstone near the grave of the late Supervisor Campbell.

No. 2,311, dated 21st July 1866.
,, 2,766, „ 9th September 1867.

2. There has been great delay in this matter owing to the sketch, which was furnished me, having been sent by the Range Officer to Mr. Trotter of Madras for an estimate of his charges for executing the work, and its detention by the latter for nearly two years; since then a fresh negotiation has been opened with another tradesman in Madras, and the charges for the required stone-work and inscription are taken from his tender.

3. If I may be permitted to say so, I scarcely think the design suitable for the site, and would recommend in preference a high pedestal of massive rubble-work surmounted with an iron cross; the latter might be obtained from England, and it would have a much more effective appearance in the design now submitted.

No. 8. ORDER THEREON, 1st March 1870, No. 663.

CIVIL WORKS, No. 2.

MAJOR Kennedy will submit the design of monument which he would propose to substitute for that which accompanied G. O., No. 2,766, dated 9th September 1867, together with an estimate of the probable cost.
