I do not see in these papers that the receipts for this estimate during the period of cultivation the ensuing year is made out. The annual back charge for the year is stated to be Rs 17 rates average Rs 1 per cent. Rest must be cleared in time. I see cattle are charged in the Ledger the sum of Rs 660. on their road. In Statement No 3 Expd. for actual funds only Rs 3d Dec are applicable.

The Government approve of the estimate of Rs 6610 for the construction of a road from the 13th Mile stone on the Bellary and Dharwar road to the Commissariat Cattle depôt at Sultanpet, but His Excellency in Council sees no prospect of being in a position for some time to come to provide the requisite funds for the work.

It is stated that the damage in the Cuddapah District is done by the Cattle employed by the Trade of Chittoor and to Rate the work in question for conveyance of Stores &c. Cattle should be provided by the Commissariat Department and charged for separately.
