# MADRAS RECORD OFFICE.

## Government of Madras.

Public works DEPARTMENT.

G.O. No. 673 Press / Mis.

27-28

Dated 1 3 1878.

**Not to be folded or roughly handled**

No. 27. Read the following Circular from the Officiating Secretary to the Government of India, Public Works Department, Irrigation, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 5th February 1870, No. 7 :—

In continuation of Circular No. 93, dated 2nd November 1868, I am directed to observe that as some lands are cropped twice in the year or more, the area of land under cultivation in the rubbee and khurreef together will exceed the total cultivated area by the area thus cropped more than once.

2. To enable the figures given in Table I. to show accurately the areas in question, it will suffice to enter at the foot of the details of "G. Crop of one year," below the sub-heads II. I. and J. and their totals, a fresh line headed—

"Deduct area cropped in both fusls."

"Net area irrigated."

Further for the words "G. Crop of one year" under "C," substitute "G. Under cultivation." The deduction for the area twice cropped may be made as thought best from either rubbee or khurreef, or it may be divided between them. It may be assumed that no Baranee land will be twice cropped in the same year, but a like correction could be applied under that sub-head if necessary.

To explain the above, a corrected statement is annexed.

TABLE I.

*Classification of lands and crops.*

| Classification of lands. | | Frontier of Upper Sindh. | Shikarpoor. | Hyderabad. | Kurrachee. | Total. |
|---|---|---|---|---|---|---|
| | | Acres. | Acres. | Acres. | Acres. | Acres. |
| A. | Total area ... ... ... ... | [ Figures as before. ] | | | | |
| A. B. | Barren ... ... ... ... | [ Figures as before. ] | | | | |
| A. C. | Residue culturable ... ... | | | | | |
| C. D. | Jagheer ... ... ... ... | [ Figures as before. ] | | | | |
| C. E. | Culturable not cultivated ... | | | | | |

## IRRIGATION.

To *The Secretary to the Government of Madras, Public Works Department*

FORT WILLIAM, FEBRUARY 5, 1870.

SIR,

In continuation of Circular No. 93, dated 2nd November 1868, I am directed to observe that as some lands are cropped twice in the year or more, the area of land under cultivation in the rubbee and khurreef together will exceed the total cultivated area by the area thus cropped more than once.

To enable the figures given in Table I to show accurately the areas in question, it will suffice to enter at the foot of the details of "G. Crop of one year," below the sub-heads H, I and J, and their totals, a fresh line headed—

"Deduct area cropped in both fusls."

"Net area irrigated.

Further for the words "G. Crop of one year" under "C", substitute "G. Under cultivation." The deduction for the area twice cropped may be made as thought best from either rubbee or khurreef, or it may be divided between them. It may be assumed that no Baranee land will be twice cropped in the same year, but a like correction could be applied under that sub-head if necessary.

To explain the above, a corrected Statement is annexed.

I have the honour to be,

SIR,

Your most obedient Servant,

R. Strachey *Colonel, R. E.,*

*Offg. Secy. to the Govt. of India.*
