*Proceedings of the Madras Government, Public Works Department,
23d March 1870.*

No. 177. Read the following letter from Major R. B. KENNEDY, Officer in charge of Public Works Operations at Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 28th February 1870, No. 137:—

PRIOR to the order suspending expenditure on Imperial grants, I had made a requisition to the General Superintendent in charge of Government Workshops at Chepauk, to make up certain iron work required for the Thalapoya Bridge on the road from the Tambracherry Ghaut to the Mysore frontier, the cost of which I had then ample funds allotted to meet.

2. After promulgation of the order for suspension, I requested the General Superintendent, for the present, to stop further work on the above requisition, and to inform me of the expenditure actually incurred; this was in reply to a letter from him requiring a payment on account. I should have done this more promptly, but there is no precedent in my former dealings with the Government workshop of payment being asked for work before completion of the same; and in sending in a statement of expenditure in January to the Controller of Public Works Accounts, I was unable to include this demand, owing to my not being in receipt of particulars until yesterday, I have now the honour to request either that the item may be permitted to stand against this year's allotments, or else that I may be authorized to hold it over until the next official year; the former would be the most convenient owing to the reduced allotment for 1870-71.

No. 178. ORDER THEREON, 8th March 1870, No. 730.

ACCOUNT, No. 17.

MAJOR KENNEDY is authorized to discharge the Presidency Workshop Bill amounting to Rupees 327, and, in order to this, the following grant forming portions of those held at the disposal of Government in G. O., No. 426, dated 5th February 1870 are transferred to the Wynaad:—

<i>Kistna District.</i> —From Minor New Works grant under		rs.
	"Communications"	359
<i>Nellore do.</i>	Do. do. do. ...	468
		827

Department Public Works
Madras

Sir,

Prior to the order suspending expenditure on Imperial grants I had made a requisition to the General Superintendent in charge of Government Work Shop at Chepauk to make up certain Iron work required for the Thalapaya Bridge on the Road from the Tambicherry Grant to the Mysore frontier, the cost of which I had then ample funds allotted to meet.

After promulgation of the order for suspension I requested the General Superintendent for the present to stop further work on the above requisition, and to inform me of the expenditure actually incurred; this was in reply to a letter from him requiring a payment on account. I should have done this more promptly but there is no precedent in my former dealings with the Government Work Shop of payment being
