*Proceedings of the Madras Government, Public Works Department,
11th March 1870.*

No. 240. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 1st March 1870, No. 1,360 :—

With reference to G. O., No. 3,994, dated the 20th December, re-transferring to the Civil Budget the sum of Rupees 48,200 provided for the construction of Police buildings, and directing that the expenditure on these buildings should be restricted to the sums actually provided under that head in the Public Works

New Works	...	Rs.	37,500
Repairs	...	"	3,900

Budget for the current year, I have the honour to subjoin a memorandum showing the sums paid to the Police Department before the receipt of the G. O. above referred to, from which it will be

observed that the sum paid in Tanjore, under the head of Repairs, exceeds the Budget allotment by Rupees 70-6-0, while in Trichinopoly the sums paid, viz., Rupees 250 under the head of New Works and Rupees 200 under the head of Repairs, are not covered by any Budget allotment. As the sum of Rupees 1,000 provided in the Budget under the head of New Works for Police buildings in the Tanjore District remains unappropriated, I request that it may be re-appropriated and transferred to cover the excess expenditure adverted to above.

2. The Inspector-General of Police, to whom the matter was lately referred states in his reply* that, as the sum originally provided in the Police Budget has

been disallowed by Government, the control of funds required to meet the expenditure already incurred on account of Police buildings rests entirely with the Department Public Works, and he is unable to make any application for the transfer of funds.

If the above re-appropriation of allotments is permitted, there will be a balance of Rupees 479-10-0 still available from the allotments of 1869-70 for Police works in the Tanjore District, and I beg that I may be informed whether this balance may be paid to the Superintendent of Police in Trichinopoly to meet, in part, a sum of Rupees 990 for which he has applied to cover expenditure in 1868-69, as directed in the enclosed memorandum from the Acting Assistant Inspector-
