*Proceedings of the Madras Government, Public Works Department,
12th March 1870.*

No. 258. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Calicut, 19th February 1870, No. 194 :—

I HAVE the honour herewith to submit
One plan. for sanction an estimate of Rupees 1,700
,, estimate, No. 45, of 1869-70, Rupees 1,700. for the undermentioned additions to the
new jail at Calicut, viz. :—

1. Foot-bridge between the jail and Jailor's quarters.
2. Palisading in front of the Jailor's and Dresser's quarters.
3. Two additional wells in the hospital and latrine yards.
4. Asphalting the latrine troughs.

2. The foot-bridge was approved of by Government in their Order in the Judicial Department, No. 863, of 27th May 1868; but not estimated for or built hitherto, as it was hoped that earthen ramps leading down on either side of the cutting would answer the purpose.

3. These are not considered safe, however, in the monsoon or in the dark; and, for the same reason, palisading is called for to protect the front of the Jailor's and Dresser's quarters. The other items require no particular notice; they are simple omissions in the original plan and estimate, which have now to be remedied, and would have been remedied long since had they been brought to notice at as early a period as might have been done.

No. 259. ORDER THEREON, 12th March 1870, No. 772.

CIVIL WORKS, No. 25.

THE Government sanction the estimate of Rupees 1,700 for certain additions to the new jail at Calicut, and the Superintending Engineer of the 7th Division will apply for a grant after the 1st April next.

Sir,

Enclosures

1 Plan
1 Estimate of Works
of 1869/70 to 1870/71

I have the honor herewith to submit
for sanction, an Estimate of Rs 1700-0-0
for the unmentioned additions to the
Jail at Calicut, viz:-

- 1 Foot Bridge between the Jail and Jailers
Quarters.
- 2 Palisading in front of the Jailers and
Deputy Jailers Quarters.
- 3 2. Additional wells. In the Hospital
and Latrine yards.
- 4 Asphaltting the Latrine Troughs.

The Foot Bridge was approved of by
Government in their order in the Judicial
Department, Gt 863 of 27th May 1868, but not
estimated for or built hitherto, as it
was hoped that earthen ramps leading
down on either side of the cutting would
answer the purpose.

These are not considered safe, however,
in the monsoon, or in the dark; and
for the same reason palisading is called
for to protect the front of the Jailers

and Depot Quarters. The other items
require no particular notice; they are
simple omissions in the original Plan
and Estimate, which have now to be
remedied; and would have been remedied
long since had they been brought to
notice at as early a period as might have
been done.

I have the honor to be
