220-272
Dated 12-3-1870.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
12th March 1870.*

Read the following letters :—

No. 270. From the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp at Seerakalatoor, 17th February 1870, No. 5,657 :—

I HAVE the honour to forward an original letter* from Mr. Assistant-Engineer Lowry, Chembrambaukum Tank, written in reply to a requisition of mine to know, after seeing the expenditure incurred by him up to January 1870 from his Progress Report, whether he could get through his allotment for this year. The Assistant Engineer now reports that he can give up Rupees 20,000.

2. I have written to Captain Scott, R.E., asking whether he can expend any further sum on his Red Hill works this year, but it is not probable, at this late season, that he will be able to do so. Should he reply in the affirmative, a report will be sent to Government.

From the Assistant Engineer in charge of the Chembrambaukum Tank Project, to the Superintending Engineer, 4th Division, dated Chembrambaukum, 16th February 1870, No. 145.

REFERRING to your docket, No. 5,644, dated the 15th February 1870, I have the honour to state that the sum of Rupees 75,992-7-0 shown in the month of January's Progress Report as the expenditure up to date of the current year on the Chembrambaukum Project Works, includes the outlay of Rupees 14,891-9-5 of Mr. Ottman's up to 31st January 1870 on the works connected with the alterations to the 20th mile of the western Trunk Road.

2. As the orders contained in the memorandum of the Chief Engineer for Irrigation as per margin renders it uncertain whether the original scheme or a modified one will be decided upon for the tank, I have thought it better, until a decision is come to, to restrict operations as much as possible to such works as will be needed in either case, and will, therefore, require a smaller amount than I would otherwise have done ; the expenditure will not exceed Rupees 100,000 for the year.

No. 271. From the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp at Trivellore, 22nd February 1870, No. 5,722.

IN continuation of my letter, No. 5,657, dated 17th February 1870, I have the honour to report that Captain Scott informs† me that he cannot expend any of the balance of the allotment of the Chembrambaukum Tank Project, nor Rupees 10,000 of the second allotment of Rupees 50,000 made to him in Government Order, No. 65, dated 6th January 1870.

Proceedings of the Madras Government, Public Works Department,
12th March 1870.

No. 272. ORDER THEREON, 12th March 1870, No. 778.

ACCOUNT, No. 26.

	Allotment.	Amount surrendered.
	Rs.	Rs.
Chembrambaukum Tank Project	1,20,000	20,000
Madras Water Supply do.	2,50,000	10,000

UNDER the circumstances explained in these letters, the sums surrendered by the Superintending Engineer of the 4th Division from the current year's allotments for the Chembrambaukum Tank and Madras Water Supply Projects will be held at the disposal of Government.
