*Proceedings of the Madras Government, Public Works Department,
14th March 1870.*

No. 287. Read the following letter from the Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 9th March 1870, No. 1,495 :—

I HAVE the honour to request the sanction of Government for the payment of Rupees (20) twenty from the grant for Hutting and Building, Public Works Department, for the present year, as compensation for land on which the present Cusbah Police Station at Cumbum is erected.

2. This building was formerly used as a school, and was purchased from the Committee in the year 1864; but from the letter of the Head Assistant Collector, of which copy is enclosed, it appears that the School Committee had never obtained a right to the site.

3. The owner now claims compensation to which, in the opinion of the Head Assistant Collector, he is entitled.

4. The charge can be met from the Department Public Works Budget Grant for the current year by the following transfer of funds :—

From the Acting Head Assistant Collector of Cumbum, to the Superintendent of Police, Kurnool, dated Cumbum, 7th December 1869, No. 224 :—

WITH reference to your letter, No. 1,128, of the 19th ultimo, forwarding copy of a memorandum from the Assistant Inspector-General of Police, No. 17,281, of the 13th idem, I have the honour to inform you that there is no deed of sale or any other document in the possession of the School Committee regarding the building sold by them to the Police Department. I understand that one Gur Row, (the last Master of the Anglo-Vernacular school in this place), and who absconded in 1867 took away with him all the records connected with it. This man is now, I believe, a Clerk in the Collector's office at Kurnool. I am told that there was never a regular deed of sale executed.

2. But whether there was or not, it is clear that the School Committee could *only* have sold the building, as they had never got possession of the land, and consequently had no power to dispose of it. That the land was never taken up by them is evident from the fact that it is still held by the claimant for compensation on puttah, and that he still continues to pay the yearly assessment for it. The Police Department may possibly have purchased the building under the impression that the land went with it, but I do not think this can in any way affect their liability to grant compensation to the present claimant.
