No. 424. Read the following Endorsement of the Superintending Engineer in charge 4th Division, dated Madras, 18th March 1870, No. 6,131 :—

Read the following letter from W. FRASER, Esq., C.E., Executive Engineer, to the Superintending Engineer, 4th Division, dated Madras, 18th March 1870, No. 247.

IN continuation of my letter, No. 221, dated 1st instant, I have the honour to request that you will be good enough to ask the Government to grant me ten days' extension of time on duty in the Madras District from the 1st of April, that is, to the 10th of April instead of the 31st March, as stated in the G. O., No. 557, dated 17th February 1870.

2. My reasons for making this request are that the examination of the works north and south, including the extension of the canal, occupied us until the evening of the 12th instant.

3. The sections of the unfinished works are being plotted, and the checking of these will occupy me for some days this month, before the transfer papers can be made out. One of the draughtsmen occupied in copying the Junction Canal Plans, went away sick three days ago, and I do not know whether he will return again. Then, next week, work will be much interfered with by the holidays which I can hardly, under the circumstances, refuse to give. Thus it is that I am compelled to ask for ten days' extension, which I very much regret as I am most desirous of proceeding to Kurnool as early as possible; and if I am able, I shall do so before the expiration of the ten days.

4. I shall be much obliged if you will obtain an answer for me with the least possible delay, as I have many arrangements to make.

SUBMITTED for the consideration of Government.

Superintending Engineer, in charge 4th Division.

No. 425. ORDER THEREON, 26th March 1870, No. 853.

ESTABLISHMENT, No. 26.

For the reasons stated in this letter, the Government approve of the period for which Mr. Fraser was permitted to remain on duty in the Madras District being extended to the 10th April 1870.
