Public works DEPARTMENT.

G.O. No. 856	Press
628-430	Mis.
Dated 28 3	1870.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
28th March 1870.*

No. 428. Read the following endorsement of the Controller of Public Works Accounts, dated Madras, 19th March 1870, No. 2,461 :—

Read the following letter from the Accountant-General, Public Works Department, to the Controller of Public Works Accounts, Madras, dated Fort William, 11th March 1870, No. 350 :—

With reference to your statement of 23rd February last showing that the available balance of the Ordinary Public Works grant at the end of that month amounted to Rupees 1,41,826 only, the average outlay being upwards of five lacs per month, I have the honour to remind you that the Budget grant is not on any account to be exceeded. I trust that the issue of credit orders for the current month has been kept strictly within the limit of the sanctioned amount. The amount of credit orders issued for February, viz., Rupees 3,67,200, is, I observe, considerably in excess of the proportional share of the grant which was available for that month.

2. I would also remind you, with reference to the footnote of the statement, that, under the Orders quoted in the Accountant-General's Public Works Department Circular No. 4 of 1870. margin, no debits against the grant from the Civil Department should be accepted unless covered by regular appropriations made before the close of the year.

SUBMITTED to Government with reference to paragraph 8 of their Proceedings of the 8th March 1870, No. 734, and with a request that orders may be issued as to whether the sum of Rupees 36,531-12-2, representing the expenditure by Civil Officers actually brought on the Public Works Accounts for August 1869, should now be written back.

2. The difference (Rupees 55,998-14-3*) between this amount and that noted in the Order above quoted was accepted by this office; but as, in the absence of details, it has not actually been brought into the Public Works Accounts, I propose, under the sanction of Government, to defer making the entry until the outlay is covered by a specific appropriation.

3. In the event of no portion of the sums noted above being brought into the accounts of this department in the current Official year, the adjustment of the expenditure of Rupees 92,529 and of any further charges in the Civil Accounts from December 1869 to March 1870 will have to be effected in the ensuing Official year.

(Signed) S. BROCK,
Controller of Public Works Accounts.

No. 429. ORDER THEREON, 28th March 1870, No. 855.

ACCOUNT, No. 51.

As THE Government are unable to make an appropriation of funds for the adjustment of the expenditure incurred

*Proceedings of the Madras Government, Public Works Department,
28th March 1870.*

by Civil Officers on Famine Relief Works, and charged to this department in the books of the Accountant-General, the Controller will write back the sum of Rupees 36,531-12-2, referred to in paragraph 1 of his endorsement, and he will defer bringing into his accounts any further debits of a similar nature until the required allotments are made.

2. These Proceedings will be communicated to the Government of India.
