*Proceedings of the Madras Government, Public Works Department,
28th March 1870.*

No. 448. Read the following letter from the Under-Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras in the Public Works Department, (Railway,) dated Fort William, 11th March 1870, No. 436-R. :—

In acknowledging the receipt of your letter, No. 607, dated the 23rd February 1870, I am directed to communicate the sanction of the Governor-General in Council to an estimated expenditure of Rupees 13,353, thirteen thousand, three hundred, and fifty-three, for the construction of additional sidings at Erode on the South-West Line of the Madras Railway. It is observed that the estimated rate for the carriage of materials is $\frac{3}{4}$ pie per maund per mile, which appears to be in excess of the tariff in force on the line and to require modification.

2. I am directed to add that it is to be regretted that this work, which is said to be absolutely necessary, should not have been foreseen when the Budget Estimate for the year 1870-71 was prepared, although the case was submitted for sanction a full month before the previous year had expired.

3. This sanction has been entered in the Register of this office as No. 58-R. of 1869-70.

No. 449. ORDER THEREON, 28th March 1870, No. 866.

RAILWAY, No. 46.

COMMUNICATED to the Consulting Engineer for Railways with reference to G. O., No. 606, of the 23rd February 1870.

2. Major Shaw Stewart will submit such remarks and suggestions as he may have to offer regarding the charge for the carriage of materials referred to in paragraph 1.
