*Proceedings of the Madras Government, Public Works Department,
1st April 1870.*

No. 6. Read the following letter from the Consulting Engineer for Railway, to the Secretary to Government, Public Works Department, dated Madras, 7th March 1870, No. 92:—

In paragraph 12 of my letter, No. 79, dated the 25th ultimo, I explained the circumstances under which it has now been proposed to build the junction station at Raichore by the agency of the Madras Railway Company, and within the limits of their line; and I solicited the approval of the Government to that arrangement.

2. I have this day received from the Agent of the Madras Railway an application for the land required for station purposes. Mr. Elwin also states that the plans and estimates for the station works are in course of preparation; and, as it is very important that materials for building should be accumulated on the spot as early as possible, he requests authority to proceed with the collection of materials in anticipation of sanction.

3. The Government are aware that from one cause and another the commencement of the junction station at Raichore has been postponed from time to time. It is of very great importance that no further delay should be allowed to intervene, and I have accordingly communicated to the Agent authority to commence the collection of materials in anticipation of the sanction of Government to the plans and estimates which are under preparation.

4. I trust that my proceedings will meet with approval.

No. 7. ORDER THEREON, 1st April 1870, No. 922.

RAILWAY, No. 2.

THE proceedings of the Consulting Engineer for Railways as reported in this letter are approved.

CONSULTING ENGINEER'S OFFICE,

Railway Department.

No. 92-

From

Major J. H. M. Shaw Stewart I.C.E.
(Consulting Engineer for Railways,

To

Colonel G. A. Dyer I.C.E.

Secretary to Government,

Public Works Department,

Fort Saint George.

SIR,

In paragraph 12 of my
letter No. 79, dated the 25th ultimo
I explained the circumstances
under which it has now been
proposed to build the junction
station at Raichore by the agency
of the Madras Railway Company,
and within the limits of their
line; and I solicited the ap-
proval of the Government to
that arrangement.

2. I have this day
received from the Agent of the
Madras Railway an application
for the land required for station
purposes. Mr. Colman also
states that the plans and
estimates for the station works
are in course of preparation;
and as it is very important
that materials for building
should be accumulated on the
spot as early as possible, he
requests authority to proceed
with the collection of materials
in anticipation of sanction.

3. The Government are
aware that from one cause and
another the commencement of
the

the junction station at Trichore
has been postponed from time
to time. It is of very great
importance that no further delay
should be allowed to intervene;
and I have accordingly com-
municated to the Agent authority
to commence the collection of
materials in anticipation of the
sanction of Government to the
plans and estimates which
are under preparation.

4. I trust that my
proceedings will meet with
approval.
