*Proceedings of the Madras Government, Public Works Department,
2nd April 1870.*

No. 29.

Dated 2nd April 1870, No. 934.

ESTABLISHMENT, No. 2.

As THERE is no probability of the Government being able for some time to come to appropriate any money from the Public Works assignments of this Presidency to the prosecution of operations on an effective scale at Cochin, the maintenance of an Executive Establishment at that place is not, in the opinion of His Excellency the Governor in Council, any longer necessary. Mr. O'Shaughnessy will accordingly be transferred to another charge, and should it be necessary to take any further measures for the protection of the harbour or other object connected with the port, the work will be left to the care of the Master Attendant and its cost provided from Port Funds and the contributions of the Native State.
