4th April 1870.*

No. 36. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 11th March 1870, No. 97 :—

With reference to G. O., No. 3,160, dated 30th September 1869, I have the honour to forward, for the consideration of the Government of India, the enclosed letter* received from the Agent of the Madras Railway Company, giving cover to copy of paragraph 7 of a letter† received from the Board regarding the incidence of the cost of a temporary boiler-shed at Perambore.

* No. 135, dated 10th March 1870.

† No. 448, dated 4th February 1870.

From the Agent and Manager of the Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 10th March 1870, No. 135.

I HAVE the honour to forward, for the consideration of His Excellency the Governor in Council, copy of paragraph 7 of the Secretary's letter, No. 448, dated the 4th ultimo, conveying the views of the Board arising out of Order of Government, No. 3,160, dated 30th September, on the subject of the incidence of the cost of a temporary boiler-shed at Perambore.

2. The Directors you will perceive are of opinion that, under the provisions of a Despatch from the Secretary of State dated 9th March 1864, the cost of the temporary boiler-shed sanctioned at Perambore should be a charge upon Capital and not upon Revenue as ordered by the Government of India.

3. Under these circumstances, I am requested by the Board to ask that the matter may be re-considered by the Government.

Extract from a letter from the Secretary of the Madras Railway Company, No. 448, dated London, the 4th February 1870.

Paragraph 7. Your letter No. 865, paragraph 9, brings before the Board the opinion expressed by the Government of India in a Despatch of the 2nd September last to the Madras Government that the cost of the temporary boiler-shed sanctioned at Perambore should be charged to Revenue. The Despatch of the Secretary of State of the 9th March 1864, distinctly lays down in paragraph 8 that the expense of any work intended to be only temporary, which this is, ought to be charged to Capital Account, and, unless these instructions are to be set aside altogether, the Board do not see how the cost of this erection can be charged otherwise than to Capital. You will be pleased to request the re-consideration of the case by the Government.

*Proceedings of the Madras Government, Public Works Department,
4th April 1870.*

No. 39. Read the following letter from the Superintending Engineer 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 28th March 1870, No. 6,256 :—

I HAVE the honour to submit, for the sanction of Government, a bill of expenditure, amounting to Rupees 1,282-13-11, incurred during the current year by the Executive Engineer, East Coast Canal, in surveying and marking out the line for the extension of the Eastern Coast Canal northwards from Doogarazapatam to Kistnapatam.

2. The amount has been struck out by the Controller from the "Advance" accounts under the head "Local" in the Range Officer's books, as the charge is debitable at present to Imperial Funds, the project being classed as New Works "Extraordinary Communications," under paragraph 2 of the Resolution of the Government of India, embodied in G. O., No. 2,810, dated 27th August 1869, and to be recovered from Local Funds.

3. The expenditure has now been placed under the head of "Miscellaneous Advances" and, as it is debitable to Establishments, requires the sanction of Government.
