43-45.	
Dated 4-4-18	70.

Not to be folded or roughly handled

1

*Proceedings of the Madras Government, Public Works Department,
4th April 1870.*

No. 43. Read the following papers:—

From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 16th March 1870, No. 4,354:—

In forwarding copies of correspondence which has taken place between this office and the office of the Controller of Public Works Accounts, I have the honour to inform you that all the appointments therein objected to by that officer had been made before I took charge of the division, and the full salary of the grade held by each individual was passed by the Controller from August 1868 up to January 1870 without any objection.

2. As I observe from the Controller's letter, copy enclosed, that the Delta Superintendents under notice are allowed to draw Rupees 19-8-0 each instead of full salaries of their grades as hitherto, I now take the opportunity of recommending that, owing to the peculiar nature of the duties devolving upon these employés, the Uncovenanted Civil Service Examination Rules should not be enforced in their cases. I request, therefore, you will be pleased to obtain the sanction of Government for exempting the men in question from passing the prescribed test.

3. The Range Officers under whom these individuals are employed have expressed themselves satisfied with their general conduct, and, as Captain Ryves had approved of the appointments, I trust they may be confirmed.

No. 44. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 18th March 1870, No. 4,399:—

In continuation of my letter of the 16th instant, No. 4,354, and in corroboration of what I have stated in paragraph

One letter, No. 797, dated 10th February 1870, from Executive Engineer in charge No. 3 Range, Godavery.
One letter, No. 636, dated 16th March 1870, from Executive Engineer in charge No. 1 Range, Godavery.

3 of the same, I have the honour to forward the accompanying letters, in original, received from the officers in charge of the Nos. 1 and 3 Ranges of the Godavery District for the favourable consideration of Government.

Proceedings of the Madras Government, Public Works Department,
4th April 1870.

Office of the Controller of
Public Works Accounts
Madras 9th March 1870.

The Controller of Public Works Accounts

The Superintending Engineer
1st Division.

In answer to your letter No 4135, dated the 25th February 1870, I have the honor to state that, with the exception of C. Subbarayudu, S. Panachandrich, D. Guruswami and N. Gopalakrishnaiah, the other members of the Engineering Establishment named in the margin are not eligible to the full salary of their appointments under the Uncovenanted Service Examination rules. They will therefore be allowed to draw Rs. 19-8-0 each until they pass the Examination or are specially exempted by Government from the operation of the rules.

A. S. Topog Engineer 1st Division

Supr Engrs Office 1st Division
to 4/35
Doubtless in March 1870

From The Asst Supr Engineer
1st Division

To The Controller of Public Accounts
Madras

With reference to your letter
of 288 dated 14th December 1869, I have the
honor to forward herewith a statement showing
the permanent service of each of the Delta Super
whose appointments have been objected to by you.
From this statement it will be
seen that none of the individuals therein named
have passed the Uncovenanted Civil Service
Examination nor have they been exempted
by special order of Government from passing
the required Test. There are some old and
deserving servants who have not had continu-
ous permanent service under Government
since 1st January 1859 but whose services
nevertheless are considered to be much more
useful in the Department than those of passed
candidates.

The following will show how each
Delta Superintendent stands in point of
Service

11/11/1870
Doubtless in March 1870

Service 1859.

M. Appalamuniah. From the statement
herewith forwarded, it will be seen that this
man was entertained on the permanent es-
tablishment in October 1856 and served up to
August 1857, when he resigned his post. &
entered the Department again in 1864 as Sani-
tation Supt. and drew a salary of Rs. 50
a month to which no objections appear to have
been made by your Office. He resumed
this post in September 1868 and was again
entertained on the permanent establishment
in August 1868 as Channel Supt. until
post he held until 1st August 1869. He is
a servant of long standing in the
Establishment and shows himself in my
opinion, he is eligible for permanent
retention.

J. Subbarao. This man was in
continuous permanent service since
January 1857 with some breaks. He was
in December 1868 and October 1868 owing to
resignation of establishment. I presume that he returns to service in
Covenanted Civil Service. This man was en-
tained in the Department in 1857.

Served continuously up to August 1868 when
his predecessor promoted him to the Delta
Supt. which he now holds. He was
S. Subbarao was entertained on the Conservancy
Establishment in December 1859 or 1860 and
after the examination rules came into force,
and served continuously up to 1st August 1868
when he was promoted to the post of Delta
Supt. This man being a servant on the
Conservancy Establishment is more useful
than a passed candidate and therefore
should be exempted from passing the exami-
nation.

P. Thumma Naidu. Entered the Department
in November 1853 and served up to Nov/58,
again entered the service in Nov/59 and
continued up to November 1868. Altho there
is a break of 7 months in the permanent
service of this man, cause of which is unknown,
it is presumed that he is eligible to the salary
he is now drawing.

A. Ramachandrab. Was a permanent
Sub Overseer up to 1863 when he was thrown
out of employment consequent on reductions
in the Department.

✓ D. Gunaseem. Do Do Do

Mr. D. Bras. Has not had continuous
 permanent service since 1st January 1950
 but as he was employed on the Conservancy establishment
 for years and as the Executive Engineer states
 that he fully understands the management
 of Irrigation works it is presumed that he will
 not be required to pass the Pioneers' Civil
 Service Examination.

Annacotas Lookbangoo. Has not had continuous permanent service since 1859, he is well spoken of by the Executive Engineer under whom he is now employed as fully qualified for the post he holds.

Miss Goodenough. Has not had continuous permanent service since 1st January 1859 nor is he an adherent of the Government Establishment.

Joseph H. B. ...

I have no remarks to make
 except your kind and
 contributions } I like these men
 have

have had no permanent service as Lancers.
Yet they are well clothed - by the Queen's
Engineers under whom they are now employed.
as fully qualified for the posts they hold.
C. S. T. A. M. S. entered the service in April
1861 and served continuously up to date of his
appointment as District Superintendent.
The Executive Engineer reports that this man
is qualified for civil work.

In Conclusion, I have the honor to state that among the General men now recommended to be exempted from passing the Examination, there are some who can neither write Spanish nor English, but have been found to be fully qualified for outdoor work. These men would be far preferable for the posts of Delta Supply than passed candidates, as the passed men know nothing about outdoor work and would be of no use on the Delta-works.

All these appointments had been made before I took charge of the Division.

Mr. D. B. Das. Has not had continuous
permanent service since 1st January 1859
but as he was employed on the Conservancy Establishment
for years and as the Executive Engineer states
that he fully understands the management
of Irrigation works it is presumed that he will
not be required to pass the proposed Civil
Service Examination.

Tinnacotab Lookbarjoo. Has not had
continuous permanent service since 1st January
1859, he is well spoken of by the Executive Engineer
under whom he is now employed as fully
qualified for the post he holds.

Siddu Soondaral Amish. Has not had
continuous permanent service since 1st
January 1859 nor is he an old servant
of the Conservancy Establishment.

A. Gopal Christammah. Has had con-
tinuous permanent service since 1st January 1859,
besides he is an old servant on the Conser-
vancy Establishment.

D. Jeyaramaswamy. This man having
died no remarks are given.

Chetty Gommiah and } Altho' these men
C. Sectarammah } have

have had no permanent service whatever,
yet they are well spoken of by the Executive
Engineers under whom they are now employed.
as fully qualified for the posts they hold.

C. Sectarammah. Entered the service in April
1861 and served continuously up to date of his
appointment as Delta Superintendent.

The Executive Engineer reports that this man
is qualified for outdoor work.

In Conclusion I have the honor to
state that among the several men now re-
commended to be exempted from passing
the Examination, there are some who can
neither write Telugu nor English, but have
been found to be fully qualified for out-
door work. These men would be far
preferable for the posts of Delta Super-
than passed candidates, as the passed
men know nothing about outdoor work
and would be of no use on the Delta
works.

All these appointments have
been made before I took charge of
the Division.

I

Thank you very much

SIR,

In forwarding copies of correspondence, which has taken place between this Office and the Office of the Controller of P. & A. Accounts, I have the honor to inform you that, all the appointments therein objected to by that Officer, had been made before I took charge of the Division, and the full salary of the grade held by each individual, was paid by the Controller from August 1868, upto January 1870, without any objection.

As I observe from the Controller's letter, copy enclosed, that the Delta Superintendents under notice are allowed to draw Rs. 19-8 each, instead of full salaries of their grades as hitherto. I take the opportunity of recommending that, owing to the peculiar nature of the

71

duties devolving upon these Employes, the
Uncovenanted Civil Service Examination
rules should not be enforced in their cases.
I request therefore, you will be pleased
to obtain the sanction of Government for
exempting the men in question from passing
the prescribed test.

3 The Range Officers, under
whom these individuals are employed,
have expressed themselves satisfied with
their general conduct, and as Captain
Pykes has approved of the appointments,
I trust they may be confirmed.
