No. 116. Read the following Endorsement of the Superintending Engineer, 2nd Division, dated Masulipatam, 17th March 1870, No. 188 :—

Read the following letter from the Executive Engineer in charge of 7th or Masulipatam Range, to the Superintending Engineer, 2nd Division, dated Masulipatam, 1st March 1870, No. 669.

REFERRING you to G. O. of 7th July last, No. 2,199, I have the honour to state that the owner of the bungalow therein referred to being a very poor man was unable to incur any expense in repairing it, so I thought it better to rent a house which would be sufficiently large for the use of my family, as well as for the offices; accordingly I moved into this much larger house towards the end of September last, and I have made it to accommodate both purposes.

2. I enclose a Bill for office rent at a rate of Rupees 15 per month, which is less in proportion to the accommodation afforded than I pay for the whole house.

3. As I have made no charge for the previous seventeen months during which I had the offices in my house, I hope you will be pleased to submit the Bill to Government, with your recommendation for favourable consideration.

4. In Public Works Code of the Government of India, Chapter XV., Section 1, paragraph 15, it is stated "when Executive Engineers provide accommodation for their offices, they are allowed to draw office rent at the rate of Rupees 30 a month chargeable to the monthly contingent Bill."

One Bill.
