**Proceedings of the Madras Government, Public Works Department,
10th September 1870.**

No. 173. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Moodeveed, Madnapully Talook, Cuddapah, 29th August 1870, No. 1,240 :—

In continuation of my endorsement No. 1,186, of 19th instant, forwarding copy of a letter from the Executive Engineer, Kurnool Range, I have the honour to submit copy of a second letter No. 196, of 20th idem, from the same officer, and request instructions, as I have not funds sufficient to meet Mr. Fraser's call. I would beg permission to be allowed to carry on the work in anticipation of an allotment of funds later in the year.

One copy of letter.

Rupees 806.

Copy of a letter No. 196, of the 20th August 1870, from the Officer in charge of the Kurnool Range, to the Superintending Engineer, 3rd Division.

I HAVE the honour to bring to your notice that the following buildings in Kurnool are in a leaky and somewhat dangerous state, caused by the late heavy rains, and I solicit your permission to proceed with the repairs of them in anticipation of sanction. If immediate steps are not taken to put the roofs at least in good order, the buildings are likely to be much injured. Regular estimates will be forwarded as soon as they can be prepared; but the following figures are approximate estimates, and will not, I think, be exceeded :—

	Approximate Estimate.
	RS.
Travellers' Bungalow	150
District Office	150
Barracks (Place-of-arms)	150
District Moonsiff's Court-house	150
Collector's Cutcherry	20
Sub-Magistrate's Cutcherry	50
Village Moonsiff's Court-house	6
Judge's Court-house	30
Burial ground at Bussal Bazaar	40
Police Station	60
Overseer's shed	200
	1,006

Nothing would be done to the Overseer's shed until the estimate is sanctioned, as some arrangement may be made to dispense with it altogether. It is hardly worth repairing.

2. The work at the place-of-arms is in operation, as the troops were obliged to shift the arms from place to place to keep them safe from the leakage through the roof. An early reply is requested.

No. 174. ORDER THEREON, 10th September 1870, No. 2,181.

CIVIL WORKS, No. 12.

As, under the rules works cannot be commenced without sanctioned estimates and specific appropriations of funds, the Government are unable to accede to the proposal submitted in this letter.

Proceedings of the Madras Government, Public Works Department,
10th September 1870.

Lieutenant-Colonel Moberly will accordingly arrange for the speedy preparation of estimates and for making the requisite allotments.
