*Proceedings of the Madras Government, Public Works Department,
12th September 1870.*

Read the following papers:—

No. 175. From the Collector of Cuddapah, to the Secretary to Government, Public Works Department, dated Camulamadugoo, 8th August 1870, No. 31.

I HAVE the honour to submit an application and its enclosures in original from Mr. first-class Surveyor Moore, praying that he may be exempted from passing the examination prescribed for Talook Overseers, and declared eligible to hold such an appointment.

2. Mr. Moore has been for nearly seven years employed in the Revenue Department in connection with the Irrigation and Canal Company, but by a recent Order of Government his services have been suddenly dispensed with.

3. Under these circumstances, and because Mr. Moore has always borne a good character, as a steady, competent man, and because I believe he would certainly make a better Overseer than the majority of the men of that grade at present employed in this district, I venture to support his application.

4. Mr. Moore is an East Indian and thoroughly acquainted with Telooگو. Captain Edgcome, R.E., knows him, and has written to me on his behalf.

REFERRED to the Principal of the Civil Engineering College for such remarks as he may have to offer.

FORT SAINT GEORGE,
12th August 1870,

(Signed) CHARLES A. ORR, Colonel, R.E.,
Secretary to Government, P.W.D.

No. 176. From the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chepauk, 16th August 1870, No. 225-C.

In reply to your endorsement of the 12th instant on letter, No. 31, dated 8th idem, from the Collector of Cuddapah, I have the honour to inform you that a reference to the office records shows that Mr. W. T. P. Moore was a student in this College for two years and three months, and that in the final examination in May 1863 he failed to qualify as Overseer, but obtained a first-class certificate as Surveyor.

2. The reason that he advances for not having obtained an Overseer's certificate, namely, "that he was unable to prosecute his studies any length of time," is therefore untenable, for the usual period of study is one year and ten months, which period he exceeded by five months.

3. With regard to the 4th paragraph of the Collector's letter, I would remark that, although I have felt justified in writing on behalf of Mr. Moore in consequence of my favourable recollection of him as a student, and because his testimonials are of creditable stamp, I am not aware that I ever recommended his being exempted from the usual examination for Overseers, nor am I disposed to do so now; but I am prepared, as a very special case, to recommend that, provided no passed candidates are available, Mr. Moore be entertained temporarily as Overseer on condition that he be prepared to pass the usual College examination in May next.

*Proceedings of the Madras Government, Public Works Department,
12th September 1870.*

4. The enclosures that accompanied your endorsement are herewith returned.

No. 177.

ORDER THEREON, 12th September 1870, No. 2,182.

ESTABLISHMENT, No. 16.

THE foregoing letter from the Principal of the Civil Engineering College will be communicated to the Collector of Cuddapah.

2. As there is nothing to show that Mr. Moore is sufficiently qualified for the post of a Talook Overseer, the Government are unable to exempt him from the prescribed test.
