Proceedings of the Madras Government, Public Works Department, 12th September 1870.

No. 184. Read the following letter from the Acting Master Attendant, Administrative Department, Madras, to the Secretary to Government, Public Works Department, dated Madras, 5th September 1870, No. 4,620 :—

WITH reference to the sheers on the wharf at Cocanada, recently handed over to the Marine Department at that Port, I have the honour to state that the Master Attendant there has brought to notice the chain guys belonging to the said sheers are attached to jungle-wood posts buried in the ground, which renders them liable to rapid and constant decay, and, as the sheers will seldom if ever be made use of by his department, suggested that the Public Works officials, by whom they were erected, should be asked to complete the security of the sheers by fixing teak posts in masonry work, to which the guys could then be securely attached, and such suggestion I beg to recommend may be carried out, the cost of same to be defrayed from funds provided by the Superintending Engineer.

No. 185. ORDER THEREON, 12th September 1870, 2,186.

CIVIL WORKS, No. 13.

COMMUNICATED to the Superintending Engineer of the 1st Division who will submit an estimate of the cost of the work proposed, reporting at the same time whether he can provide the requisite funds.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 1st Division.
„ Acting Master Attendant, Madras.

From

The Acting Master Attendant
Administrative Department
Madras.

To

The Secretary to Government
Public Works Department
Fort Saint George.

Sir,

With reference to the sheers on the wharf at Cocanada, recently handed over to the Marine Department at that Port, I have the honour to state that, the Master Attendant there has brought to notice the chain guys belonging to the said sheers, are attached to jungle wood posts buried in the ground, which renders them liable to rapid and constant decay, and as the sheers will seldom if ever be made use of by his Department, suggested that the Public Works officials by whom they were erected, should be asked to complete the security of the Sheers by fixing teak posts in masonry work, to which the guys could then be securely attached, and such suggestion, I beg to recommend may be carried out, the cost of same to be defrayed from funds provided by the Superintending Engineer.

I have the honour to be
Sir
Your most obedient Servant.

Madras,
Marine Office
5th September 1870.
