*Proceedings of the Madras Government, Public Works Department,
12th September 1870.*

No. 189. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 30th August 1870, No. 459 :—

With reference to G. O., No. 1,762, dated 23rd July, directing that at the beginning of each year provision shall be made for the estimated annual charges on account of house-rent for Military Subordinates, I have the honour to inform you that unless the allotments for Military Repairs are augmented in order to cover this new charge for house-rent, which has been thrown upon them, it will be impossible to provide for the house-rent from the allotment for repairs, as the house-rent alone will almost absorb the whole of the allotment.

2. The payments for house-rent in 1870-71, as far as may be judged at present, will be Rupees 4,086-0-4, as per margin. The arrears of last year paid in April appear to be due to sums which the Controller was unable to pass in 1869-70, owing to sanction for those payments not having been obtained till 1870-71 from the Government.

3. The differences between the amounts paid in each month are due to arrivals and departures in those months. A list showing the details of the sum of Rupees 356 to be paid for July is enclosed, and the sum probably required for the rest of the year is estimated at the rate of Rupees 356 per mensem; however, if there are fresh arrivals even this sum may fall short of that required.

4. The allotment for repairs is only Rupees 4,812, and were house-rent provided from it only Rupees 726 would be available for repairs in 1870-71.

5. Up to date estimates for repairs to the amount of Rupees 2,989 have been sanctioned, leaving Rupees 1,823 available for house-rent, supposing no further repairs to be required, and this sum falls short of the sum required for house-rent by Rupees 2,263.

6. Rupees 4,812 is a very small sum for repairs to Military buildings at Trichinopoly; this sum was fixed upon as sufficient for the repair of Military buildings so far back as 1865-66, and since then new Military buildings, to the value of Rupees 67,394, have been constructed. It is clear, therefore, that nothing can be spared for house-rent from the Rupees 4,812 allotted for repairs, and I beg that Rupees 4,086 may be specially provided for house-rent in 1870-71, and that at an early date, as the balance of the allotment under repairs at the end of August will be only about Rupees 200 if the house-rent up to 31st July has been paid in full.

No. 190. ORDER THEREON, 12th September 1870, No. 2,188.

ACCOUNT, No. 18.

As there are no funds under *Repairs* at the disposal of Government, the Superintending Engineer of the 6th Division will report whether some reduction cannot be made in his repair allotments other than "Agricultural," whereby to supplement the grant under "Repairs Military" for the Trichinopoly District.

2. In order to specific allotments being hereafter provided for house-rent to Military and Medical Subordinates, Superintending Engineers are requested to enter in Part III. of all future Budgets such sums as they may estimate to be absolutely necessary for this purpose, the charges on account of Military Subordinates and of Medical Subordinates on Regimental or corresponding duty being entered as a separate item under "Repairs Military," and those on account of Medical

as per margin. The arrears of last year paid in April appear to be due to sums which the Controller was unable to pass in 1869-70 owing to sanction for those payments not having been obtained till 1870-71 from the Government.

However, if there are fresh arrivals even this sum may fall short of that required.

The allotment for repairs is only Rs 4812 and were house rent provided from it only Rs 726 would be available for repairs in 1870-71.
