*Proceedings of the Madras Government, Public Works Department,
14th September 1870.*

Read the following papers :—

No. 236. From the Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 8th August 1870, No. 4,790.

I HAVE the honour to forward, for the information of Government, a letter* from the Superintendent of Police, Ganjam, showing the very insecure state

of the rooms used as a Subsidiary Jail at Itchapore ; I trust that funds may be found available to make these places of confinement secure.

From the Acting Superintendent of Police, Ganjam District, to the Assistant Inspector-General of Police, dated Chatterpore, 28th July 1870, No. 301.

I HAVE the honour to report, for the information of the Inspector-General, the insecure state of the only two rooms available at Itchapore for the confinement of prisoners. In one room the bars of one window are of wood and are all rotten, whilst in another the framework, to which the iron bars of the window are attached, is all decayed. These bars are all easily removed, and a constant sentry has, therefore, to be kept whenever there is a prisoner in the station ; escapes too have been effected repeatedly from these lock-ups. I would therefore request that Government might be moved to issue orders to the Department Public Works to have, at least, these two rooms, which form part of the old Subsidiary Jail, made secure. The Department Public Works commenced last year dismantling the old building, knocking down good lock-ups, and breaking down walls, and with the intention of converting it into the new Subsidiary Jail ; but owing to financial pressure, the work was suddenly put a stop to, and the Police were left with two very unsafe rooms for the confinement of prisoners.

REFERRED to the Superintending Engineer of the 1st Division for report as to whether he can provide the requisite funds for securing the rooms adverted to, and, if so, from what source.

Fort St. George, (Signed) CHARLES A. ORR, Colonel, R.E.,

No. 237. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 2nd September 1870, No. 1,872 :—

2. As the work is of an emergent nature, I have ordered Mr. Harris, the Assistant Engineer in charge of the No. 2 Range, Ganjam, to proceed with the same in anticipation of an appropriation of funds.
