No. 311.

Dated 17th September 1870, No. 2,247.

ESTABLISHMENT, No. 32.

THE Government regret to observe that in the remarks which the Superintending Engineer of the 3rd Division has entered in his diary for the month of August last, he has found it necessary to animadvert on the gross neglect of duty for a considerable time back, of Mr. Supervisor Watkins, who appears to have paid no attention to the proper maintenance of the roads entrusted to his care and in other respects to have given way to habits of indolence. His Excellency the Governor in Council desires that Mr. Watkins be informed that, if he do not exert himself more carefully to carry out his duties with becoming zeal and attention, it will be necessary to consider how far it is for the advantage of the public service to retain him in the department.

2. The Superintending Engineer will specially report, after the lapse of six months, on Mr. Watkins' conduct and fitness for the charge of a Range.
