Extract paragraph 2 of a letter from the Government of India, Public Works Department, to the Joint-Secretary to the Government of Bengal, in the Public Works Department, Irrigation Branch, dated——September 1870, No.——A. I.

Paragraph 2.—"With reference to the concluding paragraph of your letter, I am to state that no expenditure whatever should be incurred on account of Extraordinary works even against lump sum grants (as for tools and plant) given by Budget Orders without the specific sanction of the Government of India. I am at the same time to explain that considering the definite character of Extraordinary works and of their wants, it is believed that no difficulty should be experienced in so anticipating the latter as to be able to estimate for them fully and in good time, thus obviating any necessity for petty estimates or for delegating to Local Governments the power to authorize expenditure for such purposes.
