Proceedings of the Madras Government, Revenue Department, 30th June 1870.

No. 432. Read the following Proceedings of the Board of Revenue, dated 9th April 1870:—

Read the following letter from the Consulting Architect to Government, to the Secretary to the Board of Revenue, dated Madras, 7th March 1870, No. 425.

In compliance with G. O., No. 1,721, dated 27th May 1869, I have the honour to transmit you a standard design for a Sub-Collector's Cutcherry suited to the climate of Central India and the East Coast.

2. The probable cost of the building will be about Rupees 11,000.

Submitted for the approval of Government, with reference to G. O., 23rd February 1869, No. 580.

2. The Board are of opinion that the design is admirable.

No. 433. Order thereon, 30th June 1870, No. 1,005.

Miscellaneous.

The plan submitted with the foregoing Proceedings is forwarded by the Board with reference to the G. O., under date 23rd February 1869, No. 580, Public Works Department, in which Mr. Chisholm was requested to communicate with the Board regarding the erection of a suitable office for the Sub-Collector at Tellicherry.

2. The Right Honourable the Governor in Council is not of opinion that the plan is adapted to the climate of the Western Coast, the building not being sufficiently protected from the weather, though it may well be adopted as a standard plan for Sub-Collector's offices in the Central and East Coast Districts as apparently intended by Mr. Chisholm. Before sanctioning the plan as a standard, however, the Government must wait until funds are available and the suitability of the design can be practically tested in one or two instances. They are apprehensive that the windows of the Court room will admit too much glare and heat.

3. With these remarks the plan will be returned to the Board of Revenue.
