IN forwarding a letter* received from the Acting Superintending Engineer, 1st Division, I have the honour to request the sanction of Government for the execution by the Police Department of the works enumerated in the margin.

2. There being no Police Budget grant the works were entered by the Superintendent of Police for execution by the Public Works Department under G. O., 19th January 1869, No. 162, previous to the publication of the order contained in paragraph 3 of G. O., No. 903, dated 31st March 1870.

From the Acting Superintending Engineer, 1st Division, to the Inspector-General of Police, dated Dowlaishweram, 26th July 1870, No. 1,367.

WITH reference to the Police works noted in the margin, which were enumerated in your statement embodied in G. O., No. 1,540, dated 27th June 1870, I have the honour to inform you that as these works do not require any professional skill, and as the first three of them appear to have been partly undertaken by your departmemt, it will, in my opinion, cause a great confusion in the accounts of the Range officers concerned, as well as in those of the Controller of Public Works Accounts if they are now taken in hand by the Public Works Department; I would, therefore, suggest that the works in question be under the supervision of the Police Department as hitherto, the required funds being supplied by the Executive Engineer as usual.

2. If you agree with me in opinion, I request you will be good enough to move Government for re-transferring the works above referred to to the Police.
