*Proceedings of the Madras Government, Public Works Department,
23rd September 1870.*

No. 432. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 10th September 1870, No. 1,985:—

I BEG to bring to your notice that on a proposal made by me to the Controller of Public Works Accounts for the renting of a bungalow at this station, consequent on the great inconvenience just now experienced in my finding room for any year supply of Mathematical instruments, cases of stationery, etc., and the extra establishment engaged by me for making up estimates and drawing plans connected with the Delta project, I have been desired before doing so to address Government on the subject.

2. In now laying the matter before Government for their favourable consideration, I have the honour to state that the building in which I now hold office having been originally intended for the establishment of a District Engineer, is now insufficient for my Office Establishment and the several large almirahs, which contain the records of three districts, from the year 1855 to 1863, and subsequent years' records of this office.

3. Independent of the inconvenience the Office Establishment is at present subjected to, I may add that I have to set aside a room for divine service, which necessitates the frequent removal of almirahs, tables, etc., which can be avoided if a larger building was available.

4. In conclusion, I beg to forward herewith a plan showing the manner in which the building used as my office is at present occupied, and, under the circumstances stated by me, I trust that the sanction of Government may be obtained for an appropriation of a portion of the grant in Part IV. of the Budget, under the head "office rent for Superintending Engineer," to admit of my renting a building with the usual allowance.

No. 433. ORDER THEREON, 23rd September 1870, No. 2,310.

CIVIL WORKS, No. 39.

BEFORE passing final orders on the subject of this letter, the Superintending Engineer of the 1st Division will be requested to report whether, instead of renting a separate building, a small addition cannot be made to the one now occupied by him as his office, and thereby obviate the inconvenience complained of. In the event of this being possible, Major Fischer will submit a plan and estimate of the cost of the proposed addition.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Acting Superintending Engineer, 1st Division.

Government

No. 1985

Superintending Engrs Office
Nowlaishwarum, 10 September 1870.

From

Major J. F. Fischer P.E.
Superintending Engineer, 1st Division

To,

Colonel C. A. Orr P.E.
Secretary to Government R.P.W.
Madras.

Sir,

I beg to bring to your notice that
on a proposal made by me to the Controller
of R.P.W. Accounts, for the renting of a Bungalow
at this Station, consequent on the great in-
convenience just now experienced in my finding
room for any year supply of Mathematical
Instruments, Cases of Stationery &c. and the
Extra Establishment engaged by me for ma-
king up Estimates and drawing Plans connected
with the Delta Project, I have been desired
before doing so, to address Government on the
subject.

2

I am now laying the matter before
Government

Government for their favorable consideration I have the honor to state that the Building in which I now hold Office, having been originally intended for the Establishment of a District Engineer, is now insufficient for my Office Establishment and the several large Admirals which contain the records of three Districts from the year 1855 to 1863, and subsequent years records of this Office.

3. Independent of the inconvenience the Office Establishment is at present subjected to, I may add that I have to set aside a room for Divine Service which necessitates the frequent removal of Admirals, tables &c, which can be avoided if a larger Building was available.

4. In conclusion I beg to forward herewith a Plan showing the manner in which the Building used as my Office is at present occupied, and under the circumstances stated by me, I trust that the sanction of Government may be obtained for an appropriation of a portion of the grant in Part IV of the Budget
under

under the head "Office rent for Superintending Engineer" to admit of my renting a Building with the usual allowance.

I have the honor to be
Sir,

Your Most Obedt Servt

Wm. H. M. Major R.E.

A. Superintending Engr. 1st Div.
