No. 3,215, dated 12th October 1868, paragraph 2.	Plans and estimates for widening and deepening the branch channel from the main channel of the Cheyaur in connection with the Cheyaur Anicut.	Plans and estimates approved in G. O., No. 496, dated 15th February 1869, and further report submitted in Superintending Engineer's letter, No. 2,078, dated 16th July 1869.
No. 3,711, dated 27th November 1868.	Estimates for the completion of such roads declared to be Imperial in G. O., No. 2,831, dated 11th November 1868, as are under construction or have not yet been commenced; also detailed estimates for the maintenance of all these Imperial lines which are at present unprovided with annual repair allowance.	All the Imperial Roads in this division have been completed under sanctioned estimates and are provided with maintenance grants.
