P. |                    | 1st Division.<br><i>Godavery.</i>                                           |                                   |                                                                                                                                                                           |                                                                         |                                                                                                                             | No. 79, 5th October 1870.<br>No. 2,405.<br>ACCOUNT, No. 7.                                                                                                                                                 |
| 3 4 0     | Court Pleader.     | Defending a suit instituted by a Contractor in the 6th Range.               | Up to September and in Dec. 1869. | This is the balance of the advance. Will be recovered from the Pleader hereafter.                                                                                         | Since reduced to Annas 6.                                               | This item, which stood at Rupees 3-4-6 in last return, has since been reduced to Annas 6 by adjustments in July's accounts. | 1. It is observed that arrangements have been made by the Superintending Engineer to recover the balance of Annas 6 in September 1870—See G. O., No. 2,214, dated 15th September 1870.                     |
| 12 6 11   | Work               | 2nd Division.<br><i>Kistna District.</i><br>Repairing Range officer's boat. | October and Dec. 1869.            | This will be adjusted in the current quarter.                                                                                                                             | Range officer has been directed to debit the charge to the proper head. | No adjustments have yet been made— <i>Vide</i> letter to Government, No. 943, dated 15th August 1870.                       | 2. The Range officer has promised to adjust this item in his accounts for September 1870— <i>Vide</i> G. O., No. 2,047, dated 24th August 1870.                                                            |
| 1 15 7    | Share of ryots.    | Do. Vamavaram channel head at Vellatore.                                    | November 1869.                    | Do. do. ...                                                                                                                                                               | Do. do. ...                                                             | Do. do. ...                                                                                                                 | 3. The Superintending Engineer will report what difficulty is felt in recovering these two small sums.                                                                                                     |
| 1 8 6     | Do. do. ...        | Do. Vamavarum tank.                                                         | Do. ...                           | Do. do. ...                                                                                                                                                               | Do. do. ...                                                             | Do. do. ...                                                                                                                 | 4. The Superintending Engineer of the 2nd Division will adopt the procedure laid down in G. O., No. 2,325, dated 27th Sept. 1870 for relieving the Miscellaneous Advance Account of these items of charge. |
| 761 0 0   | Share of Inamdars. | For repairs executed to different irrigation channels in the 1st Range.     | March 1870 ...                    | The Collector has been requested to order the collection of this sum from the different parties concerned, which will be adjusted as soon as received from the Tahsildar. | Pending reference to Government.                                        | <i>Vide</i> paragraph 7 of G. O., No. 1,909, dated 11th August 1870.                                                        |                                                                                                                                                                                                            |

Proceedings of the Madras Government, Public Works Department,  
5th October 1870.

Statement of Unadjusted Miscellaneous Advances of more than three months' standing in the Accounts of Range officers, etc.—(Continued.)

| Amount.   | To whom advanced. | For what purpose advanced.                                                                                                              | When advanced. | Remarks by Range officer.                                | Remarks by Superintending Engineer. | Remarks by Controller.                                                                                                             | Orders of Government.                                                                                                                                                                                                                                                                                                                                                                                                     |

| 44 12 0 | Stock purchases and sales.          | Feed and keep of departmental bullocks. | March 1870 ...                                                                                         | Unless the monsoons are over there are no means for the recovery.                                                                                                                                                                                                                                                                                                                                                                                                                                                      | None                                                                                                                                                                                                 | 20. The Superintending Engineer will explain more fully how he proposes to adjust this item.                    |
| 7 9 9   | Stone cutters on the Sanoor bridge. | For cutting stones.                     | March 1870.<br>The advance has been made by the Mangalore Range and transferred to this in April last. | This advance was originally laid out by the Mangalore Range officer on account of the Sanoor bridge at Karikal when it was in his charge. On its transfer to this range its advances were also transferred. The individual to whom this advance was made is a stone cutter residing at Cassergode, about ten miles away from Mangalore, towards the north of it. The recovery of this amount by this range on account of both the stoppage of work and of the distant situation of the stone cutter, make it possible. | The Mangalore Range officer has been requested to recover and adjust the amount as soon as possible and the Connaid Range officer has been instructed to transfer the amount to the Mangalore Range. | 21. A speedy recovery should be made, and the appearance of this advance in future statements provided against. |

ble to be likely attended with loss, in that it would necessitate the employment of a person specially for it and personally acquainted with the stone cutter, besides other inconvenience, such as proceeding to Mangalore for prosecuting him in the event of his refusal, etc., to pay. As much difficult and inconvenient as it is for this range, so easy it is for the Mangalore Range to have this amount recovered both on account of its close situation to the place where the stone cutter resides, and also on account of its convenience in case of extreme measures being intended to be taken against the man. I, therefore, respectfully solicit your permission to have this sum re-transferred to that range in August's accounts.

three months' standing in the Accounts of Range officers, etc.—(Concluded).

OCTOBER.

No. 79

Unadjusted Miscellaneous Advances.  
Passing orders on the Statement, submitted  
by the Controller of Public Works Ac-  
counts, of Unadjusted Miscellaneous Ad-  
vances in the accounts of Range officers of  
the Madras Presidency for the quarter  
ending 30th June 1870.

Since reduced to  
Annas 6.

This item, which  
stood at Rs. 3-4-6  
in last Return,  
has since been  
reduced to Annas 6  
by adjustments in  
July's Accounts.

1. It is observed  
that arrangements  
have been made by  
the Suptg Engrs to  
recover the balance  
of Annas 6 in Sept/70.  
See G.O. No 2214 dated  
15th Sept/70

Range Officer has  
been directed to debit  
the charge to the  
proper head

No adjustments have  
yet been made. Vide  
Letter to Government  
N. 943, dated 15th August  
/70.

2. The Range Officer  
has promised to  
adjust this item  
in his accounts  
for September 1870.  
Vide G.O. No 2047 dated  
21st August 1870

3. The Suptg Engrs  
will report what  
difficulty is felt  
in recovering these  
two small sums.

761 " " Share of For repairs  
 Inamdars executed to different  
 irrigation channels March has been re-  
 in the 1st Range 1870 -quested to  
 order the  
 collection of  
 this sum  
 from the  
 different parties  
 concerned,  
 which will  
 be adjusted,  
 as soon as  
 received from  
 the Sacidar

14 14 " Closing breaches  
 in the banks  
 of certain tanks November Will be ad-  
 in the Berwarah 1869 -justed, in  
 Salug this month

1 9 " For surveying  
 District Roads February Will be adjusted  
 Local 1870 as soon as bill  
 is sanctioned

Pending reference vide para 7 of 4 The Suptg of  
 to Government G.O. No. 1909, dated the 2d Division  
 11th August 1870 will adopt the  
 procedure laid  
 down in G.O.  
 No. 2325 dated 27th Sept.  
 for relieving the  
 Mis. Advance  
 Account of these  
 items of charge.

This is the balance  
 remaining unad-  
 -justed from the  
 sum of Rs. 284-10-6  
 brought forward  
 in last statement  
 5. These advan-  
 ces should be  
 speedily adjusted,  
 and their ap-  
 pearance in  
 future statements  
 provided against.

Nil

458 52 Share of for repairing  
Inamdar's Irrigation Chan. to The collector  
-nel in the November requested  
6th Ranger 1869 to recover.  
this sum  
from the  
Inamdar  
and remainder  
sent.

62 12 3 To be recovered On account of from The collector  
ed from trifling repairs 1855 and has again on  
the Villagers to San R. 1856 20th June 1870  
of Diver been requested  
Division to recover the  
money from  
the Villagers

2058 " 2 Share of for repairing  
Inamdar's irrigation Chan. From  
-nel and San R. June — Do —  
in the 7th Range 1869

18 " " Recoverable flooring breaches to  
from the Villagers Polazcodu near March Docke 1870  
of Modena. Modena pulley 1870 20th June 1870  
pulley the Collector's Office

Pending reference Vide para 7 of 6. The orders  
to Government. G.O. No. 1909, dated in para 4 will  
11th August 1870. apply to this  
item.

Vide Range  
Officer's Remark

7 The Suptgngs  
will at once  
report the result  
of the last refer-  
ence made to the  
Collector.

See preceding  
Remark. The  
first two of these  
items appeared  
in the last  
Statement.

8. Vide remarks  
in para 4.

Pending reference to  
Government.

The collector written  
to on the subject.

9. If this advance  
is not adjusted before  
the next Statement  
is due, the Suptgngs  
will report the grounds  
on which the Rspts  
are required to bear part of the cost  
of the work.
