Dated 5-10 -	1870.

*Proceedings of the Madras Government, Public Works Department,
5th October 1870.*

No. 82. Read the following letter from the Principal of the Civil Engineering College, Madras, to the Secretary to Government, Public Works Department, dated Chepauk, 13th September 1870, No. 278 C. :—

With reference to paragraph 2 of Government Order, No. 2,160, dated 8th instant, I have the honour to point out that the item of Rupees 344-0-11 provided in the College Budget is on account of the Military pay of Serjeant Schoury (one of the Assistant Masters of the College,) and not of the Serjeant-Major whose salary is consolidated.

2. The special sanction of Government to Serjeant Schoury's drawing Military pay in addition to Staff salary was accorded in Government Order, in Educational Department, No. 277, dated 3rd October 1865.

3. With regard to the charge for the pay of a Puckally, namely, Rupees 128-14-0 per annum, I would remark that although it has been hitherto drawn on the abstract of the College Establishment, there appears to have been no authority for this beyond that of the Examiner of Claims. A tabular statement of the establishment of the College is accordingly herewith submitted, in order that the sanction of the Government of India may be obtained to the permanent employment of the Puckally.

4. The order communicated in paragraph 1 of No. 371, dated 19th August 1870, from Deputy Secretary to Government of India, Public Works Department, to your address, shall be carried out on the next admission of a Sapper or Royal Engineer Student, unless the Government of India meanwhile are pleased to reconsider their decision on my representing that this ruling not only cancels the orders

of this Government marginally named, Educational Department, No. 297, dated 18th September 1867, but further sets aside their Order, in Military Department, No. 4,223, dated No. 297, dated 26th August 1863. 21st November 1860, which regulated

the conditions under which Non-Commissioned officers of the Sappers were first admitted to the College, namely, that they should be in "excess of the limit of stipendiary students from the Army generally," and that they should receive working pay instead of the usual stipend of 10 Rupees a month.

5. At the time the lowest rate of working pay was 6 Annas a day, almost exactly equivalent to 10 Rupees a month; but now the lowest rate of working pay drawn by Sapper Non-Commissioned officers is 12 Annas a day, and it seems to me but just that, if this amount be paid to them at Regimental head quarters when engaged in similar studies to those they have to go through here, for instance drawing and surveying, they should not be deprived of it when attached to this College.

6. I request, therefore, that you will be good enough to submit the above for the favourable consideration of this Government, with a view of its being laid before the Government of India.

No. 83. ORDER THEREON, 5th October 1870, No. 2,407.

ESTABLISHMENT, No. 8.

SIR,—In acknowledging the receipt of your letter, No. 371 A. G., dated 19th August 1870, I am directed by His

Excellency the Governor in Council to forward the accompanying letter from the Principal of the Civil Engineering College, from which it will be observed that the sum of Rupees 344-0-11, referred to in paragraph 2, is provided in the Annual Budget Estimates not on account of the Military pay of the Serjeant-Major attached to the Civil Engineering College, as inadvertently stated in the Proceedings of this Government of the 3rd May 1870, No. 1,163, but for the Military pay of Serjeant (now Sub-Conductor) Schoury, one of the Assistant Masters belonging to the Institution. The circumstances under which Serjeant Schoury has been allowed to draw as a special case Staff salary, in addition to Military pay, are fully explained in the accompanying Proceedings of the Educational Department, No. 277, dated 3rd October 1865.

2. The pay of the Puckally attached to the College (Rupees 10-11-10 per mensem) is shown in the enclosed tabular statement as an additional charge to which I am to request the sanction of the Government of India.

3. With respect to paragraph 1 of your letter under acknowledgment, I am to invite the particular attention of His Excellency the Governor-General in Council to paragraphs 4 and 5 of the Principal's letter, and to request that, under the circumstances explained, the orders directing the adoption in Madras of the practice obtaining in the Roorkee College of allowing Soldier Students of all classes the usual stipend of 10 Rupees, and the restriction of the outlay under this head to Rupees 300 per mensem may be re-considered by the Government of India.

I have the honour to be,

Sir,

Your most obedient Servant,

Colonel, R. E.,
Secretary to Government.

Sir

With reference to Para 2 of Government
Order No 2160 dated 8th Instant I have the
honor to point out that the item of Rs 344-0-11
provided in the College Budget is an account
of the Military Pay of Sergeant Schaury (one
of the Assistant Masters of the College) and
not of the Sergeant Major whose salary is
consolidated.

The Special sanction of
Government to Sergeant Schaury's drawing
Military Pay in addition to Staff Salary was
accorded in Government Order in Education
Department No 277 dated 3rd October 1865.

With regard to the charge for the
pay of a Puckally Viz Rs 128-14-0 per annum
I would remark that although it has been
hitherto drawn on the abstract of the College
establishment, there appears to have been
no authority for this beyond that of the

the Examiner of Claims. A Tabular Statement of the Establishment of the College is accordingly herewith submitted in order that the sanction of the Government of India may be obtained to the permanent employment of the Puckally.

4. The Order communicated in Parast of N^o 371 dated 19th August 1870 from Deputy Secretary to Government of India Public Works Department to your address shall be carried out on the next admission of a Sapper or Royal Engineer Student, unless the Government of India meanwhile are pleased to reconsider their decision on my representing that this ruling not only cancels the orders of this Government marginally named but further sets aside their order in Military Department N^o 4223 dated 21st November 60 which regulated the conditions under which Non-commissioned Officers of the Sappers were first admitted to the College. Viz. that they should be in "excess of the limit of Stipendiary Students from the Army generally" and that they should receive Working pay instead of the usual Stipend of 10 Rupees a month.

5. At the time the lowest rate of

working pay was 6 annas a day, almost exactly equivalent to 10 Rs a month, but ~~now~~ the lowest rate of working pay drawn by Sapper Non-commissioned Officers is 12 annas a day, and it seems to me but just that if this amount be paid to them at Regimental Head Quarters when engaged in similar studies to those they have to go through here, for instance Drawing and Surveying, they should not be deprived of it when attached to this College.

I request therefore that you will be good enough to submit the above for the favorable consideration of this Government with a view of its being laid before the Government of India.
