No. 93. Read the following letter from R. SMITH, Esq., Executive Engineer on special duty, Madura District, to the Acting Chief Engineer for Irrigation, dated Camp at Chittampatty, 20th September 1870, No. 146 :—

To enable me to carry out the instructions conveyed in your meinorandum, No. 192, of 12th instant, I have the honour to request you will be so good as to allow me to entertain three Gumastas, at a monthly cost of Rupees 45, from the 1st proximo, to gauge the Vigay at the Paranay and Chittanay anicuts and at the Madura causeway.

2. Three Gumastas will be required from October to the end of December only; during the other months two will suffice, as the state of the river will, I imagine, admit of one man attending to both anicuts.

3. If you approve of the proposed establishment will you be so good as to obtain sanction for Rupees 225, the amount that will be required for expenditure from October 1870 to March 1871 inclusive.

4. The present establishment consists of four lascars, and costs Rupees 16 monthly. These men should, I consider, be retained to watch the anicuts and work the shutters of the under-sluiques.

My dear Mr

The enclosed reached me last night. I think 2 Gumnatas should suffice. Mr R. Smith's idea of a register is rather elaborate & I am afraid not much good, but I shall be able in a few days to talk to him about it. Will you kindly if money can be found fit to pay 120 sanctions for these Gumnatas. I will in order that October may not be lost tell him semi-officially.

that he may employ 2 Gunstons
at once
