*Proceedings of the Madras Government, Public Works Department,
6th October 1870.*

No. 104. Read the following Proceedings of the Board of Revenue, dated 10th September 1870 :—

Read the following letter from the Collector of Madras, to the Acting Secretary to the Board of Revenue, dated Madras, 9th September 1870, No. 33.

I HAVE lately been applied to by the Municipal authorities for the delivery to them of certain lands required for the delivery channel of the water-supply of Madras, regarding which instructions had been given in Government Order of the 14th November 1868, No. 3,562.

2. No steps in the matter had, however, been taken by the Municipality to mark out the ground until after their application to me, and since then it has been marked out and delivered over by the owners to the Deputy Collector, who has made all arrangements with them, and has drawn up a rough estimate of the probable sum required to pay for the land on the terms arranged. The Deputy Collector has handed over the land to the Municipal authorities, and the work is being carried on, but funds are urgently required to make the necessary payments to the owners, and I have, therefore, the honour to request that a sum of Rupees 40,000 may be placed at my disposal for the said purpose.

3. A full report, showing the sum paid to each owner and other contingent charges, will be sent in when the transactions are concluded, and I beg the Board will be good enough to sanction the amount as early as possible, as some of the parties have already requested to be paid.

SUBMITTED for the early orders of Government.

TRANSFERRED to the Public Works Department.

OOTACAMUND,
19th September 1870.

(Signed) R. A. DALYELL,
Acting Secretary to Government.

No. 105. ORDER THEREON, 6th October 1870, No. 2,418.

IRRIGATION, No. 11.

His Excellency the Governor in Council resolves to direct the Superintending Engineer of the 4th Division to place at the disposal of the Collector of Madras a sum of Rupees 30,000 from the current year's grant for the Madras Water Supply project to enable that officer to adjust claims to compensation for lands taken up for the delivery channel. Should an additional grant be hereafter required for the purpose the Collector will in due course make the necessary application.
