*Proceedings of the Madras Government, Public Works Department,
8th October 1870.*

No. 127. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 19th September 1870, No. 2,109 :—

ADVERTING to Government Order of the 1st instant, No. 2,098, I have the honour to request you will be good enough to submit to Government this application on behalf of Narsinga Row to be appointed a Taluq Overseer, *vice* Serjeant McAliese transferred to the Civil Engineering College, Madras.

2. Narsinga Row is at present holding an appointment as Navigation Superintendent in the 2nd Division; but I have applied for and obtained Colonel Moberly's permission for him to apply for the appointment now solicited on his behalf.

3. This subordinate has been educated almost entirely under Captain Ryves' personal supervision, and is highly qualified for the post. He has been employed for the last three or four years on special survey duties in this district, and has given universal satisfaction. Captain Ryves, before leaving, strongly recommended him to me, and promised to urge his claims whilst at Madras, unfortunately I am not aware if he was able to do so, but I take the first opportunity afforded me for so doing, and trust a favourable consideration may be taken of his case. He has a good knowledge of English both in reading and writing, is a good Estimate-maker, understands the construction of buildings, etc., and is a first-class Surveyor and Leveller. In the latter he is one of the best hands I have ever seen, and his work is quite trustworthy.

No. 128. ORDER THEREON, 8th October 1870, No. 2,430.

ESTABLISHMENT, No. 12.

UNDER the very favourable testimony borne in this letter to the qualifications of Narsinga Row, His Excellency the Governor in Council is pleased to sanction, as a special case, his appointment as a Taluq Overseer in the room of Serjeant McAliese transferred to the Civil Engineering College.
