No. 244. Read the following Endorsement of the Supervisor of the Government Press, dated Madras, 7th October 1870, No. 1,016.—

FORWARDED to the Secretary to Government, Public Works Department, for information.

(Signed) H. E. STOKES,  
*Supervisor, Government Press*

Read the following letter from the Supervisor of the Government Press, to the Chief Secretary to Government, dated Fort Saint George, 1st October 1870, No. 999.

I HAVE the honour to submit the Budget of the Government Press for 1871-72, of which copy has, as usual, been forwarded to the Accountant-General.

2. The amount of the Budget is Rupees 1,80,416; but from this is to be deducted the amount which, under the Order of the Government of India, No. 1,035, dated 7th June 1870, will be in the first instance provided in the Budgets of public officers employing the Press, and on the execution of the work will be transferred to credit of the Press. In compliance with instructions from the Accountant-General, endeavours have been made to ascertain from those officers the probable amounts of their requirements for the year, but, the information not being obtained, I have been compelled to base the estimates upon the actual work done in 1869-70 for the several officers, as particularized in the statement enclosed in the Budget. I have, therefore, to request that, if the Press grant be fixed at the net amount, namely, Rupees 1,34,918, steps may be taken to secure that the necessary additions are made to the Budgets of such of the officers concerned as may not make themselves some provision for their printing work. Of the officers who use the Press some are subordinate to the Military and some to the Public Works Department; and I have, therefore, sent extracts from the statement, together with a copy of this letter, to the Secretaries to Government in those departments in view to the necessary provisions being made.

3. The variations in the details of the Budget, as compared with the current year, are due to the changes in the permanent establishment, recommended in my letter, dated the 30th August 1870, and to the inclusion of a sum of Rupees 12 000 under the head Compositors, etc, for the printing of the Vernacular Acts. Rupees 5,000 have been provided for the purchase of Vernacular types for the same purpose under the head Purchase of materials; thus making up the sum of Rupees 17,000 hitherto provided in the Budgets of the Government Translators. The outlay for the purchase of type will not be an annually recurring charge, the type is necessary at the outset.

Sir,

I have the honor to submit the  
Budget of the Government Press for 1871-72,  
of which copy has, as usual, been forwarded  
to the Accountant General.

The amount of the Budget is Rupees  
180,4-16; but from this is to be deducted the  
amount which under the order of the  
Government.

Government of India No 1035, dated 7 June 1870, will be in the first instance provided in the Budgets of public officers employing the Press; and on the execution of the work will be transferred to credit of the Press. In compliance with instructions from the Accountant General, endeavours have been made to ascertain from those Officers the probable amounts of their requirements for the year; but the information not being obtained, I have been compelled to base the Estimates upon the actual work done in 1869-70, for the several offices, as particularized in the statement enclosed in the Budget. I have therefore to request that if the Press grant be fixed at the nett amount of Rs 1,47,918 steps may be taken to secure that the necessary additions are made to the Budgets of such of the Officers concerned as may not make themselves provision, some for their printing work. Of the officers who use the Press are subordinate to the Military and some to the Public Works Department; and I have therefore sent extracts from this statement together with a copy of this letter to the Secretaries to Government in those Departments in view to the necessary provision

being made.

3. The variations in the details of the Budget as compared with the current year are due to the changes in the permanent Establishment recommended in my letter dated the 30<sup>th</sup> August 1870, and to the inclusion of a sum of Rs 12,000 under the head Compositors for the printing of the Vernaculars to Rs 5,000 have been provided for the purchase of Vernacular Types for the same purpose, under the head purchase of materials, thus making up the sum of Rs 17,000 hitherto provided in the Budgets of the Government Translators. The outlay for the purchase of type will not be an annually recurring charge, the type is necessary at the outset.
