*Proceedings of the Madras Government, Public Works Department,
17th October 1870.*

No. 250. Read the following letter from the President of the Municipal Commission, Palamcottah, to the Chief Secretary to Government, Fort Saint George, dated Tinnevely, 27th September 1870, No. 480 —

REFERRING to the Proceedings of Madras Government, Public Works Department, No. 2,987, dated 25th September 1867, approving the proposal of making over the stones of the demolished fort at Palamcottah for the Anicut project, I have the honour to state that a considerable quantity of unhewn stone, dug from the foundations of the old fort walls, was rejected by the contractor as unsuitable for the anicut, and I ordered these stones to be sold by public auction, and the proceeds credited to Local Funds. The major part were sold; a few are still remaining, and the Vice-President of Palamcottah Municipality requests, as per enclosed copy of his letter, that these stones may be made over gratis, to be used in constructing and repairing drains, etc., in the Municipality, and I request sanction for the same being made over to the Municipality.

2. The stones will really fetch little or nothing by auction.

Vice President
Palamcottah Municipality

To
C. J. Longley Esqre
President Mupl. Commission
Palamcottah

Sir

In continuation of my letter dated 11th July last No 78, I have the honor to state that the stones referred to therein are indispensably required for the construction and repair of drains and for foundations of buildings about to be erected in the new Cartstands. Most of these stones have been sold by the Sub Magistrate, and the few, which have been left, will fetch very little as they are not properly dressed, but rough. I request therefore you will be so good as to apply to Government for their being handed over to the Municipality, and in the meanwhile to stop their being sold till the result is known.

I have &c.
