G.O. No. 2522	Press
316-317	Mis.
Dated 12-12	1870 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
22nd October 1870.*

No. 316. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 30th September 1870, No. 2,216 —

ADVERTING to G. O. of the 20th instant, No. 2,270, I have the honour to observe, the increase of establishment I applied for has not to be provided for from the ordinary Public Works Budget grant, but from the Loan Funds, and will not therefore, I respectfully submit, come into consideration in any re-organization of the department which may now be contemplated.

2. I did propose to make a part of the cost debitable to Local Funds, in the same manner as an increase to the establishments of Collectors has been sanctioned; but this, if considered objectionable, may be postponed for the present, and a reduction of Rupees 40 made in the proposed monthly outlay of Rupees 160; for the balance I would again most earnestly solicit immediate sanction, as it is of the first importance we should at once begin to have the accounts of the Extraordinary Grant separately and uniformly maintained from as early a date as possible, and the Government of India have already approved generally of such an arrangement from these funds.

3. I trust therefore, under these circumstances, a further and more favourable consideration of this matter will be allowed.

No. 317. ORDER THEREON, 22nd October 1870, No. 2,522.

ESTABLISHMENT, No. 23.

THE Superintending Engineer of the 1st Division, will observe from G. O., No. 2,445, dated 11th October 1870, that the Government of India have declined to authorize any modification of the rules under which charges for establishments are debitable to Loan Funds, and those rules do not allow of the direct charge to such funds of Office Establishments of Superintending Engineers, unless the latter are employed wholly in superintending Extraordinary Works. Under these circumstances the Government regret that they are unable to modify their Order of the 20th ultimo, No. 2,270.

Madras.

Sir

Referring to G. O. of the 20th Inst. No 2270, I have the honor to observe, the increase of Establishment I applied for, has not to be provided for, from the Ordinary Public Works Budget grant, but from the Loan funds, and will not therefore, respectfully submit, come into consideration in any reorganization of the Department which may now be contemplated.

I did propose to make a part of the cash debitable to Local funds, in the same manner as an increase to the Establishment of Collectors has been sanctioned, but this if considered objectionable, may be postponed for the present, and a reduction of Rs 40 made in the proposed monthly outlay of Rs 164 for the balance.
