Dated 25-10	1870.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
25th October 1870.*

No 352. Read the following Proceedings of the Board of Revenue, dated 12th October 1870 —

Read the following letter from the Officiating Sub-Collector of Nellore in charge, to the Acting Secretary to the Board of Revenue, dated Nellore, 27th September 1870, No 2,642.

WITH reference to Government Order, No 579, of the 19th February last, communicated with Board's Endorsement No 117, of the 28th idem, I have the honour to state that the Salt Deputy Collector in his letter No. 198, of the 12th instant, brings to notice the dilapidated state of the present Salt Cutcherry at Kanuparti, and suggests either that the existing building be at once repaired, or that the new one, the erection of which was begun last year, may be completed, the walls having already been raised, but further progress stopped from want of funds.

2. The Board, in their Proceedings of the 12th January last, No. 230, recommended that the work be completed at once, and a further allotment of Rupees 200 was sanctioned by Government in G O, No. 177, of the 8th February 1870.

3. The Superintending Engineer, in his letter, dated 22nd instant, No. 54, now reports that he is unable to complete the construction of the Cutcherry, as no funds have been allotted by Government although application to Government was made by him in April last, as directed in G. O. of the 19th February, No. 579.

4. I request, therefore, that Government may be moved to make some provision for the allotment of funds necessary to complete this much-wanted building.

5 Copy of Mr. Plunkett's letter, adverted to in paragraph 1, is submitted for the Board's information.

SUBMITTED for the orders of Government.

2. The very limited grant for Petty Construction and Repair has already been fully allotted, and the Board would be unwilling to interfere again in the appropriation made. They trust, therefore, that funds may be found to finish the building in the Public Works Department.

REFERRED to the Public Works Department, with reference to the orders quoted.

FORT SAINT GEORGE,
19th October 1870.

(Signed) H. WELLESLEY,
Acting Under Secy. to Govt.

No 353 ORDER THEREON, 25th October 1870, No. 2,540

CIVIL WORKS, No 35.

THE Government regret that they are not in a position at present to provide any funds for the completion of the Kanuparti Salt Cutcherry. The Superintending Engineer of the 2nd Division will

*Proceedings of the Madras Government, Public Works Department,
25th October 1870.*

state whether he can propose any transfers by which the money required for the purpose can be made available, and he will report what expenditure has been already incurred on the building.

(True Extract.)

Colonel, R E,
Secretary to Government.

To the Revenue Department.
,, Superintending Engineer, 2nd Division.

No 198.

Mellore District
Salt Dy Colbr's Office
Mellore 12th September 1870.

From

C. E. Plunkett Esqr.
Dy Colbr in Charge
Salt Dept., Mellore.

To C. G. Master Esqr.
Offg Colbr of Mellore.

Sir,

In his Arzi No 83 of the 7th Instant, the Assistant Superintendent in Charge of Kanuparti solicits attention again to the dilapidated state of the present Salt-Kacheri at that place and he begs that either the existing building may be at once repaired or that the new one, the erection of which was begun last year, may be completed.

2. The want of a new Salt-Kacheri at Kanuparti has been for some time felt and it was first brought forward four or five years ago. After some delay its construction was sanctioned and

and finally undertaken also in 1869, but after the walls of the new building were raised, it was stopped from want of funds. I brought the matter forward in October last year, and the Agl. Mr Melville, addressed the Board of Revenue, which led to the Government Order in the Revenue Department, No 177 dated 8th February 1870, directing the early completion of the building by the Public Works Department. Nothing was done further, and on my reporting this to you, you wrote to the Superintending Engineer, who in his Docket to you of the 31st March last No 130, informed you that an application for funds for the completion of the Kacheri in question would be made to Government after the 1st April or in the current Offl. year.

3. Here the matter ended. Six months nearly of the current Offl. year have now expired and no

progress has as yet been made. Meanwhile the bare walls and other material of the new Kacheri stand in the unfinished state they were left 15 or 16 months ago, exposed to wind and weather and their injurious influences.

4. I have the honor therefore to ask that the Superintending Engineer may be again requested to complete this building without further delay, as the old Kacheri is becoming gradually more dangerous and will probably soon fall in. If funds are not available in the Public Works Department I beg to suggest the transfer of a thousand Rupees (which will be more than sufficient to finish the new building) from our Petty Construction and Repair allotment in the Salt Works Budget although on account of our curtailed allotment we can ill afford to spare this.

The completion of this Kacheri is

is however most important,

I have no

early completion of
Salt Kacheri at
Kamuparti.

Revenue Department

Proceedings of the Board of Revenue
dated 12th October 1870.

Read the following.

No 2642.

From J. C. Hughson Esq.
Offg Sub Coltn in charge.

To J. Froese Esq.
Ag Secretary to the
Board of Revenue
Madras.

Sir.

With reference to Government Order
No 579 of the 19th February last Communi-
cated with Board's Endorsement No 17, of
the 28th Idem, I have the honor to state
that the Salt Dy Collector in his letter
No 198 of the 12th Instant, brings to notice
the dilapidated state of the present
Salt Kacheri at Kamuparti, and
suggests either that the existing
building be at once repaired,
or that the new one, the erection of
which was begun last year may
be

be completed, the walls having already been raised, but further progress stopped from want of funds.

2. The Board in their Proceedings of the 12th January last No 230 recommended that the work be completed at once, and a further allotment of Rs 200 was sanctioned by Government in G. O. No 177 of the 8th February 1870.

3. The Superintending Engineer in his letter dated 22nd Instant No 54, now reports that he is unable to complete the construction of the Kacheri as no funds have been allotted by Government although application to Government was made by him in April last as directed in G. O. of the 19th February No 579.

4. I request therefore that Government may be moved to make some provision for the allotment of funds necessary to complete this much

indented building.

Copy of Mr Plunkett's letter adverted to in paragraph 1 is submitted for the Board's information.

Nellore Collrs Office

27th September 1870

I have the
