branches, the hospital, and other buildings of the Lawrence Asylum Institution,
relatively to each other.

2. In the ground-plan of the female branch, the portions coloured black
represent the completed out-buildings. These consist of the latrines, wash-house,
and cook-rooms. The latrines and wash-house, with the exception of the floors
and interior fittings, are entirely completed. The cook-rooms, with the exception
of the interior fittings, are also quite completed. The foundations of the main
building have been all excavated, and the bottom concrete course of the founda-
tions filled in. Bricks and other materials, as per list already furnished, have been
collected on the site, and several doors and windows have been made up. The
only plan of this building that has been furnished was forwarded to Government
with my letter, No. 46, dated 26th May 1870.

3. The distance from Stonehouse to the Asylums at Lovedale is $3\frac{1}{2}$ miles.
