*Proceedings of the Madras Government, Public Works Department,
1st November 1870.*

No. 12. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Calicut, 21st October 1870, No. 162:—

In the estimate of Rupees 71,000, sanctioned in paragraph 2 of G. O., No. 3,466 of 28th October 1869, was included a sum of Rupees 5,717 then required to complete the Nellamboor bridge on the road below Karkoor Ghaut in the Malabar District, and Colonel Walker brought to notice the necessity of early completing this bridge in paragraph 5 of his letter printed with the G. O. But from want of funds all expenditure on this bridge was stopped last year, and no allotment could be provided in the current year's Budget. From paragraph 8 of G. O., No. 1,259 of 16th May 1870, it appears that Government have some funds reserved to meet exceptional cases, as this is one, I have the honour to solicit an allotment of Rupees 5,430 (to which figure the balance of the estimate has since been reduced by a small additional outlay last year), to enable the Range Officer to complete this bridge. The Collector of the district urges its completion so that it may be available for the passage of the next coffee crop from South-East Wynaad; the masonry work is nearly completed, and one of the three bays has already been spanned, while the contractor has the timber necessary on the spot, which, to the extent of Rupees 2,967-11-0, has not been paid for; if the allotment now asked for be made, the work will be completed at once.

No. 12. ORDER THEREON, 1st November 1870, No. 2,605.

CIVIL WORKS, No. 1.

THE Acting Superintending Engineer of the 7th Division will be informed that the Government have at present no means at their disposal of providing the funds required for the completion of the Nellamboor bridge, but His Excellency in Council will be prepared to consider any transfers which Lieutenant-Colonel Farewell may be in a position to propose with a view of meeting the requisite outlay.
