MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 2625

Press
Mis.

48-49

Dated 2-11-1870.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
2nd November 1870.*

Read the following papers:—

No. 48. From the Acting Superintending Engineer of the 7th Division, to the Secretary to Government, Public Works Department, dated Coimbatore, 27th August 1870, No. 112.

I HAVE the honour to submit an estimate of Rupees 6,800, accompanied by a survey and plan of railing and gate, for enclosing the compound of the School-house at Mangalore, and opening a road, as suggested in paragraph 4 of the

1 Plan.
1 Survey.
1 Estimate, No. 9, Rupees 6,800.

Quarter Master General's letter, to which my attention was directed in paragraph 3 of the Educational G. O., communicated with Public Works No. 41 of 5th April 1870.

2. In the Budget of the current official year there is an allotment from Educational Funds of Rupees 6,500, of which Rupees 1,480 are required to complete the privy on the new site approved in the Educational G. O., communicated with Public Works No. 194 of 28th April, as also to provide spouting and gutters to the roof of the School-house, which the current year's monsoon has proved to be necessary. The total to be expended on the School-house being under the permitted limit of 5 per cent. over the sanctioned estimate requires no further sanction. The balance of Rupees 5,020 of the allotment alluded to will be available for expenditure on the proposed enclosure wall, etc., if its estimate, as herewith submitted, meets with the approval of Government.

No. 48A. From the Acting Superintending Engineer of the 7th Division, to the Secretary to Government, Public Works Department, dated Coimbatore, 13th September 1870, No. 129.

SINCE writing my letter, No. 112, of 27th August, in which I mentioned that Rupees 1,480, out of the Budget allotment of Rupees 6,500, Item No. 30, will

One Estimate, No. 10, Rupees 390.

be sufficient to complete the Mangalore School-house, the Range Officer has brought to my notice that to complete the sanctioned project, a well included in it has to be finished (which was lost sight of), and that therefore there will not be sufficient funds left out of the reduced allotment of Rupees 1,480 to meet the cost of the estimate for spouting and gutters amounting to Rupees 390, which I have the honour herewith to, submit for the sanction of Government and provision of funds. This work was not included in the sanctioned estimate for the School-house, but was found absolutely necessary during this year's monsoons, as the tiled roof of the verandah rooms leaked considerably from the heavy drip from the main roof injuring the tiles.

2. If Rupees 390 be provided for this work from the surplus of Rupees 5,020 out of the Budget allotment for the School-house, there will remain only Rupees 4,630 available from this source for the enclosure and road, etc., the estimate for which is now before Government.

Proceedings of the Madras Government, Public Works Department,
2nd November 1870.

No. 49. ORDER THEREON, 2nd November 1870, No. 2,625.

CIVIL WORKS, No. 3.

THE Government are not prepared to sanction so large an outlay as Rupees 6,800 on the work for which the estimate submitted by the Acting Superintending Engineer with the first of the letters above recorded provides, and His Excellency the Governor in Council notices with regret that Colonel Farewell should have recommended so great an expenditure for a work of secondary importance. His Excellency can scarcely doubt that the objects proposed by the erection of a fence could be attained with a much smaller outlay. It is the duty of every officer to have economy in view in the submission of plans for public works, and His Excellency in Council trusts that Colonel Farewell will not lose sight of this duty.

2. The estimate of Rupees 390 submitted with the second of the letters above recorded for providing the roof of the Mangalore School-house with spouting and gutters is sanctioned. The cost will be charged to the allotment of Rupees 6,500 from Educational Funds, forming Item No. 30 of the Budget.

(True Extract.)

Colonel, R.E.,

Secretary to Government.

To the Acting Superintending Engineer, 7th Division.

To, The Secretary to Government,
D. O. W. H. S.,
Madras

Enclosures 3
Plan
Survey
Estimate No. 9
Rs. 6,800.

Sir, I have the honor to submit
an estimate of Rs. 6,800, accompanied
by a Survey & Plan of Railing & Gate,
for enclosing the Compound of the School
House at Mangalore and opening a Road,
as suggested in para 4 of the Quarter
Master General's letter to which my attention
was directed in para 3 of the Educational
S.O. communicated with Pub Works No. 41
of 6th April 1870.
2. In the Budget of the Current
Official year, there is an allotment
from Educational Funds, of Rs. 6,500, of
which Rs. 1,480 are required to complete
the Priory on the new site approved
in the Educational S.O. communicated
with Pub Works No. 194 of 28th April, as
also to provide spouting & gutters to
the Roof of the School House which
the Current year's Monsoon has proved
to be necessary. The total to be
expended

Enclosure
1 Estimate No 10
No 390.

Since writing my letter No. 112 of 27th August, in which I mentioned that Rupees 1480 out of the Budget allotment of Rupees 6500 Item No. 30, will be sufficient to complete the Changanaballi School House, the Range Officer has brought to my notice that, to complete the sanctioned project, a well included in it, has to be finished (which was lost sight of) and that therefore there will not be sufficient funds left, out of the reduced allotment of Rupees 1480, to meet the cost of the Estimate for Spouting and Gutters amounting to Rupees 390; which I have the honor herewith to submit for the sanction of Government and provision of funds. This work was not included in the sanctioned Estimate for the School House, but was found absolutely necessary, during this year's monsoons as the Tiled Roof of the Verandah Rooms leaked considerably from the heavy

2. If Rupees 390 be provided for this work from the surplus of Rupees 5,020 out of the Budget allotment for the School House, there will remain only Rupees 4,630 available from this source for the enclosure and Road & the estimate for which is now before Government.

I have the honor to be,
Sir,
Your most obedt. servant,

Waverly St. C.

Memo for order. 5

It will be observed that
 Col. Farwell proposes to
 spend 6800 Rs. for enclosing
 the compound of the school
 at Mangalore & opening
 a road to the Military
 Hospital. The question of
 the road is with R. E. the
 Const. in Chief. It will not
 probably be required. But
 this item amounts only to 470
 The rest 6330. is for the enclosure
 In a note note on the letter

by Col. M. Murray he considers
the estimate outrageous
& recommends fencing
in the Sabine site only.
It is suggested that a
^{good broad} hedge well planted &
carefully tended will
answer all the purposes
& that the Subg Engineer
should be told so. Y
ME

It is so much
I try to support but
an order to proceed
in the P.W. Dept
being not having
Lt Col J. J. J. J.
perhaps disupaid
of economy in the
discharge of his
duties.

Y A

A. A.

J. D.

I would enter a protest
against this estimate
as it is in terms quite
different from the
which would seem to be
suggested by Mr. J. J. J. J. -
I would say honestly I this

6

effect -
that the Gov. & State with respect
the very high estimate submitted
by Col. J. J. J. J. for work of
very secondary importance. They
can scarcely doubt that the objects
purposed by the erection of a fence
could be attained with a much
smaller expenditure, that it is the
duty of every officer to have a view
to economy in the submision of plans
for further work to Gov. & they must

that Col. Tammill
will not lose sight
of this duty in
his future commands
to the Dep^t.

Proceedings of the Madras Government

Under date the 2nd October 1878 -

Read the following

From the Actg Supg Engineer

File No. H. E. 110309 of 27 Aug 1/78

From — do — do — do H. E. 129 of 10 Sept 1/79

The Government are
not prepared to sanction
so large an outlay as Rs
800 on the work for which
the estimate submitted
by the Acting Supg Engineer
with the first of the letters
above recorded provides
and His Excellency the
Governor in Council in
notices with regret that
Col. Farewell should
have recommended so
great an expenditure
for

for a work of secondary importance. His Excellency can scarcely doubt that the objects proposed by the erection of a fence could be attained with a much smaller outlay.

It is the duty of every officer to have economy in view in the submission of plans for public works, and His Excellency in Council trusts that Col. Farewell will not lose sight of this duty.

The estimate of Rs 390 submitted with the second of the letters above recorded for providing the roof of the Mangator school house with apon.

and yarrero is sanctioned. The cost will be charged to the allotment of Rs 1,500 from Educational funds, forming item No. 30 of the Budget.
