*Proceedings of the Madras Government, Public Works Department,
8th November 1870.*

No. 138. Read the following Circular from the Government of India, Public Works Department, (Account-General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 15th October 1870, No. 58 :—

A CASE having recently occurred in which an Officer accepted a tender by a private firm for the supply from England of iron-work required for certain barracks, the Governor-General in Council deems it necessary to direct attention to Chapter XVII., section ii, paragraph 15 of the Code, which prohibits the procuring of stores from Europe or America excepting through indent on the Secretary of State.

2. It is to be understood that the only case on which stores usually procured from England should be purchased in India is, when the stores are present and available in India, and have not to be fetched from England. To this rule no exception is allowed without the sanction of the Government of India previously obtained, and the Governor-General in Council looks to the several Local Governments and Administrations to see that the rule is rigidly adhered to, the Secretary of State having more than once remarked in strong terms on the grave irregularity of procuring stores from England by means of private agency.
