*Proceedings of the Madras Government, Public Works Department,
8th November 1870.*

Read the following letters:—

No. 140. From the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Calicut, 29th October 1870, No. 168.

With reference to G. O., No. 25, of 25th October 1870, I have the honour to forward plan and section of the covered play-ground or cloisters provided in the Male and Female Asylums now being built at Lovedale. These cloisters are parts of the buildings themselves, and not separate structures.

2. The Male Asylum is to hold 400 boys and the Female Asylum 300 girls. The areas of the play-grounds are 626 and 470 square yards respectively. They will probably accommodate with comfort 200 boys and 150 girls respectively, but could doubtless also allow of the whole number playing in them. In addition to the above two open play-grounds are now being formed at about quarter of a mile from the building, each of about one acre in area.

No. 141. From the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 31st October 1870, No. 3,129.

With reference to Government Order, No. 25, dated 5th October 1870, I have the honour to submit a plan of one of the latrines on the dry earth system, which have been constructed for the use of the Barracks at St. Thomas' Mount.
