In reply to the repeated calls made on the Officer in charge of the Palamecottah Range for these documents, I have been

informed that the former work was completed in the Nanganary Range, prior to its amalgamation with the Palamecottah Range, and the latter subsequent to the amalgamation, and that there is no record to show when both works were last inspected by the Supervisor then in charge of the Nanganary Range. The Supervisor reports that, to the best of his recollection, the works were in progress when he left the Range, and that if they had been completed the required completion Certificates would have been furnished by him.

2. The Officer in charge of the Palamecottah Range has only recently succeeded to that charge, and is unable to afford further information.

3. Under these circumstances, I beg to be favoured with instructions as to whether the Certificates may be dispensed with. The aggregate outlay on the two works was trifling, namely, Rupees 252.

ACCOUNT, No. 11.

UNDER the circumstances brought to notice in this letter the Government authorize the Controller of Public Works

Accounts to dispense with completion Certificates for the two works referred to by him.
