*Proceedings of the Madras Government, Public Works Department,
9th November 1870.*

No. 160. Read the following Endorsement of the Acting Consulting Engineer for Railways, dated Madras, 5th November 1870, No. 440:—

Read the following letter from the Agent and Manager of the Carnatic Railway Company, (Limited) to the Acting Consulting Engineer for Railways, dated Madras, 3rd November 1870, No. 1.

I HAVE the honour to report the arrival of myself and Mr. Dibblee as Agent and Manager, and Chief Engineer of the Carnatic Railway Company, under Agreements entered into with the Directors in London.

2. Mr. Dibblee has already taken over charge of the Survey and Engineering staff from Mr. Holloway, and I am prepared to take over the charge of the agency from Messrs. Arbuthnot and Co. as soon as arrangements for my Office Establishment are sanctioned.

3. The accommodation at Arconum is so exceedingly limited that I fear it will be impossible for me to make that place my head-quarters, especially as at present there is available no place of residence. I have to request therefore that I may be authorized to rent an office in Madras temporarily, until some determination is arrived at either as to enlarging the accommodation at Arconum, or fixing upon some other point as the permanent head-quarters of the undertaking.

4. I have also to request the sanction of the Government to the expenditure necessary for providing furniture, etc., for the office, an estimate of which is noted in the margin.

Rupees 750.

5. By removing the office staff of the Traffic Department of the Tramway to Madras, and taking all the Traffic Accounts to the Agency Office, very little additional expense need be incurred on account of staff, but one additional clerk at 200 Rupees per mensem, and, say, four Peons, at 7 Rupees per mensem each, will be necessary, which I have to ask the permission of the Government to employ.

Submitted to the Government.

2. Mr. Fisher has been requested to send in a detailed estimate of the furniture he requires, and to explain the position he proposes to assign to the additional clerk on Rupees 200. The one office building at Arconum having but limited accommodation, and Mr. Fisher not having come to any conclusion regarding the establishment of his head-quarters, it appears advisable that, as quite a temporary measure, he should reside in Madras until his plans are definitely arranged.
